

## 300,000 TEUTONS ADVANCE ON SERBIAN FRONT

### Germany, France And England Claiming Gains

#### KAISER DISMISSES TWO GENERALS AFTER DEFEAT

#### LATE WAR DEVELOPMENTS

Army of 300,000 Austro-Germans advances on Serbian frontier. Two German generals dismissed after set-backs. New commander-in-chief may be named. French war office claims Germans lost more than 120,000 men in Allies' offensive. German war office claims recapture of positions taken by British. Bulgaria and Central powers reported to have signed agreement which means Bulgaria will enter war October 15. British transport reported sunk, only a few of the crew saved. British war office announces additional victories. English army officer predicts beginning of march on Berlin.

London, Sept. 28.—Three hundred thousand Austrian and German troops have begun an advance on the Serbian frontier, under the direction of Orsova, says the Athens correspondent of the Exchange Telegraph Co.

Paris, Sept. 28.—Bulgaria and the Central Powers have concluded a precise agreement according to authoritative information, says the correspondent at Saloniki, Greece of the Temps. "Under this agreement Bulgaria will enter the war on Oct. 15."

Paris, Sept. 28.—The Athens correspondent of the Havas says it is now expected that Bulgaria will begin an attack within fifteen days. Plans for the campaign are now being drawn up by the Bulgarian general staff, the correspondent says, with the assistance of numerous German officers who have arrived in Sofia. Bulgarian officers say no attack will be made on Greece.

Berlin, Sept. 28 (by wireless to Sayville).—British and French troops intended for service in Serbia have been landed at Port Kithira near Saloniki, Greece, according to reports from Budapest received by the Frankfurter Zeitung, the Overseas News Agency announces today.

London, Sept. 28.—German newspapers today announced that two generals unnamed have been dismissed from German commands in the Western war zone in connection with the recent setback at the hands of the French and British, according to a dispatch from Amsterdam to the Exchange Telegraph Co.

It is probable, the dispatch adds, that a new German commander in chief of the western armies soon will be appointed. In this connection, the name of Field Marshal Von Hindenburg is mentioned.

Berlin, Sept. 28.—(by wireless to Sayville).—The sinking of a British transport with the loss of all but a few members of the crew is reported in a dispatch from Constantinople to the Overseas News Agency.

"A special dispatch from Constantinople gives reports about Mohammedan troubles in India," says the news agency. "It says that a British transport was sunk by a Mohammedan engineer, who died with the troops. Only a few members of the crew escaped."

London, Sept. 28.—The British are battering the third line of the Germans in the vicinity of Loos. The French are maintaining their offensive in Champagne. The Germans in the Argonne apparently have been unable to make important gains and have refrained from infantry attacks. This is the situation in the west as seen in London today.

No great change in conditions is shown but England attaches high importance to indications that the offensive movement of the Allies is not to be relaxed, as was predicted in some quarters. A short breathing spell has been succeeded by the hardest pressure.

#### OPEN RADIO STATION

Chicago, Sept. 29.—A message flashed to President Wilson in Washington signaled the opening today of the new Great Lakes radio station at Lake Bluff, one of the most powerful units of the government's wireless system.

The Lake Bluff station has a receiving radius of 5,000 miles and a sending radius exceeding 4,000 miles.

#### Veterans of Grand Army Traverse Same Territory In Capital They Did Just Fifty Years Ago; Salute President of Country

Washington, Sept. 29.—All that remains of the Union army of 200,000 which fifty years ago passed in review before President Johnson, marched up Pennsylvania avenue from the Capitol to the White House today and was reviewed by President Wilson. Thousands banked along the line of march, cheered the G. A. R. veterans.

The grand review of 1865. From the painting by James E. Taylor.

There were Confederate veterans in the crowd and they did some hearty cheering, too. Scenes of patriotic enthusiasm marked the passage of the veterans at President Wilson's stand. Frequently the president waved his hat to the old soldiers. The cheering in the reviewing stand in front of the White House was almost constant.

As a fife and drum corps of veterans passed playing "Relly Round the Flag, Boys" many in the president's stand joined in singing the chorus. Many of the soldiers responded to the president's greeting by waving flags.

Tired by the march by the Capitol to the White House a little more than a mile, the veterans looked exhausted when they reached the president's stand. Many leaned upon younger and more robust comrades. A few

stride forward with unflinching steps. The president stood throughout the entire review, removing his hat each time an American flag passed.

The procession was headed by Lieut. Gen. Nelson A. Miles, re-

#### NINE MINERS PREDICTS BEGINNING OF MARCH ON BERLIN ARE STILL ENTOMBED

Lansford, Pa., Sept. 29.—After a night of feverish activity the nine miners who were entombed in the Coal Dale colliery of the Lehigh Coal and Navigation company on Monday had failed to reach them today. The two men who yesterday managed to escape from the barrier that is holding the other nine workers are rapidly recovering from their experience. Officials of the company still hold out hope that some, if not all the men imprisoned, will be gotten out alive, and expect to reach them some time today. Rescuers who have been working in relays for forty eight hours heard faint sounds during the night which they believe may have been the rapping of the men who are behind the tons of fallen rock and coal.

Athens, Sept. 29. (Via Paris).—I believe we are on the eve of the most important operation of the war, namely, the landing of troops in Macedonia to begin the march not so much on Constantinople as on Berlin," said an official attached to the general staff of the British army on the Gallipoli peninsula who has come to Athens from the Dardanelles front.

"The two offensive forces are gradually closing in. The Mesopotamia expedition is approaching nearer to Bagdad, and from the Suez Bay-Gaza-Tepa line, an attack on Constantinople may begin at any moment."

#### HOSPITAL SHELLED BY ITALIANS?

Berlin, Sept. 29.—(By wireless to Tuckerton, N. J.)—The Austrian official statement of yesterday as received in Berlin today and given out by the Overseas News Agency, says that the Italians have again shelled the Red Cross hospital at Gorizia, although the hospital was marked with the Red Cross flag.

This portion of the Austrian statement of yesterday was not received last night by London, apparently having been deleted by the British censor.

#### ITALIAN STEAMER GOES DOWN

London, Sept. 29.—A dispatch from the Stephanie News Agency of Rome says that the Italian battleship Benedetto Brin sank following an explosion which resulted from the fire on board the vessel. The cause of the disaster has not been ascertained.

The announcement last night of the explosion on the Benedetto Brin did not make it clear whether the vessel had gone down. It was said eight officers and 379 marines had been saved. Something over 300 men are still unaccounted for.

#### MCKINLEY APPOINTED

Columbus, Sept. 29.—Appointment of Kenneth R. McKinley of Columbus as secretary of the State Civil Service commission at a salary of \$3,000 was expected today, following disclosure that McKinley received the highest grade of 95.3 per cent in a recent competitive examination for positions. He has been director of the efficiency bureau of the commission heretofore with a salary of \$2400.

#### NEW U. S. SUB IS TESTED

Provincetown, Mass., Sept. 29.—Representatives of the navy department were gratified today by a satisfactory test of the new giant submarine M-1 which has just been built by the Fore River Ship Building company at Quincy.

The submarine passed through a preliminary trip in Provincetown harbor yesterday successfully having completed an underwater cruise about the harbor with navy officers and agents of the builders on board. The trial spin was for the purpose of testing the operation of the new craft.

Attempts at diving records will be made later. The M-1 is said to be larger than the famous German U boats.

London, Sept. 29.—The definite announcement of the terms under which the Anglo-French loan is to be issued in the United States is about in line with the expectations of the British financiers. Though the yield is a shade higher than had been looked for originally in some quarters, general opinion is that heroic measures were necessary to remove the deadlock in exchange transactions which had been allowed to continue for so long.

It is felt here that the advance rests with America in obtaining such a good rate of interest and facilities for its export trade, although England also reaps benefit by the postponement for at least five years of payment of the debt for goods received. The rate of exchange is now of first importance. Belief is expressed in banking and exchange circles that further measures will be necessary to bring the rate more nearly to a normal figure. It is known that a good deal of money is being held for remittance as soon as cable transfers reach 4.80.

#### TO PROBE BLAST THAT KILLED 47

Archmore, Okla., Sept. 29.—Federal forty-seven persons and wrecked and state investigations to fix the blame for the tank car explosion worth of property, was looking and Monday, were in prospect today as that the railroad failed to conform the result of action by city authorities to interstate requirements for its ties. After an all-day session of the safe handling.

Commissioner Russell. Early estimates of fifty-five dead Brown, city attorney, announced were changed last night after a charge of negligence against careful recheck by police and hospital, the Gulf, Colorado and Santa Fe railroad authorities, which revealed that charges of negligence against a number of missing, who were they received the highest grade of 95.3 per cent in a recent competitive examination for positions. He has been director of the efficiency bureau of the commission heretofore with a salary of \$2400.

# FIVE AFFIDAVITS FILED AGAINST ACCUSED NEGRO

Five affidavits, charging Albert Marshall with murder in the first degree, were filed in Squire Byron's court Wednesday morning by Prosecuting Attorney Jos. J. Micklethwait. He will be assigned on the affidavits Wednesday evening or Thursday morning, according to Mr. Micklethwait.

Marshall, the negro who it is claimed, confessed to complicity in the blowing up by dynamite of a railroad construction camp shack in August, which resulted in the death of five negroes and the wounding of six others.

He was indicted on ten counts of murder in the first degree by the recent grand jury, by Judge Thomas, in common pleas court Tuesday, ruled that the indictments were faulty in that they did not allege sufficient intent on the part of the accused to warrant a first degree murder charge. Filing of the affidavits was necessary in order to hold Marshall in jail until he is re-indicted, according to the prosecutor.

Mr. Micklethwait stated Wednesday that he was still of the opinion that the indictments were valid, and that he proposed to appeal from Judge Thomas' decision to the court of appeals.

## INTEREST IS GROWING IN Y. W. C. A. RALLY WEEK; DIRECTORS ARE ELECTED

A gratifying crowd was present at a meeting held Tuesday evening in the high school auditorium, held in connection with the Rally Week campaign for the Y. W. C. A. Interesting talks were made by Miss Harriet Harrison, field secretary of the Y. W. C. A., Miss Kate Hancock, the new local secretary, and Miss Edith Britton, the new physical director. Miss Harrison's subject was "What It Means to be a Member of the Association," emphasizing the advantages that are offered to young women and girls who come under the influence of the association. In addition to the social pleasures and religious influence enjoyed by the members, she insisted that it better prepared them for business and home life. An earnest plea for all present to become members of the Y. W. C. A. was made at the close of her talk.

Miss Hancock outlined the educational work of the Association for the coming year, calling attention to the classes in current events, story telling, menus and marketing, millinery, embroidery, sewing, business English, typewriting and other branches, in accordance with the demands of the members.

Miss Britton also outlined her athletic and gymnasium work for the coming year, illustrating her fancy dances in costume. Her plan was unusually novel and interesting to her hearers.

An especial plea to the high school girls was made this afternoon at 2:30 o'clock at the high school building, when talks were made by Miss Harrison, Miss Hancock, Miss Britton and Mrs. Davis Bridges, the local chairman of that department of the work. The meeting was open to the public.

For the remainder of the week considerable personal work will be done all over the city by promoters of the Y. W. C. A., and by the end of the week, they hope to have enthusiasm at a high point.

At the election at the Association Monday evening, the following were unanimously elected to serve on the board of directors: Mrs. W. D. Gibiland and Miss Marjorie Pursell, one year; Mrs. A. E. Everard, Mrs. Henry Heer, Mrs. D. A. Berndt, Mrs. W. H. Schwartz, Mrs. W. G. Williams, Mrs. P. E. Selby, Miss Edna Streich and Miss Margaret Finnerstone.

Blanche Sweet Turns Student of Psychology

To prepare herself for a thorough understanding of the new characterization in which she will appear in "The Secret Orchard," photoplay from the play by Channing Pollock, founded on the novel by Agnes Sweet, the beautiful and popular star of the Jesse L. Lasky Feature Play company, has been taking a special course at the Hollywood, Cal., studio of the Lasky company in the study of psychology.

For many weeks during the preparation of this elaborate production by the Lasky company, Miss Sweet following a busy day in the Hollywood studio would motor into Los Angeles and pass the evening in the study room at the Los Angeles Public Library, where she read far into the night the textbooks and treatises on psychology.

**At The Exhibit**  
"The Patriot and the Spy" the four-part Mutina Master-picture, tells a war story with human and compelling fidelity. It lays emphasis not on the martial and thrilling side of the great game of hate, but on the side nearer home.

This big war picture is the attraction at the Exhibit Theatre tonight. Marguerite Snow, James Cruze and Alphonzo Etlher are taking the leading roles.

The pathetic spectacle of a man, the doubt of his own eyesight when he sees a ship heading in to rescue him, and the tragedy of his return to a home, wife and children, barred from him forever, is acted with a true feeling for the circumstances by Alfred Paget, who plays the part of Enoch Arden in the four-part Mutina Master-picture, which will appear at the Exhibit Thursday.

**The Arcana**  
Manager Potts was a happy, and at the same time a sad man Tuesday—happy at the enormous attendance at the Chaplin pictures, and sad because his theatre could not hold the crowd that wanted to see them, as several thousand patrons were turned away. On account of the unusual expenses incurred in getting this feature, the price of admission had to be raised to ten cents for adults. Hereafter this price remains as usual, 5 cents. Today's feature is the seventh episode of the "Broken Coin" and another large crowd can be looked for. This serial picture is one of the greatest hits in the country, and on account of its great success seven more episodes were added. The movie patrons insisted on having it so. Too much praise could not be given. It embodies everything. If you have not seen the "Broken Coin," be sure to see it today. In addition, "My Tomboy Girl" and "Her Wonderful Day," two excellent pictures that please, will complete the large bargain program for the day. The latest musical selections are given daily by the Wurlitzer orchestra.

**At The Majestic**  
A big Thansouner feature "Mersey On A Cutch" is the attraction at the Majestic theatre tonight. It is a two reel story told very touchingly and full of heroics and human interest. In addition there is a two reel Reliance feature showing the life of the Indians with a pretty love story running all the way through. Tomorrow's big headliner will be Walter Edwards in a big Domino feature "The Bungalow Baby."

In addition to this picture "The Quarrel" is another good picture featuring such stars as Myrtle Gonzalez, William Duncan, Geo. Holt and other members of the Vitagraph's western company. In fact these are the very people you will soon see in that great five part Vitagraph masterpiece entitled "The Chalice of Courage."  
Tomorrow Manager Tynes personally guarantees "Always In the Way," as one of the best pictures he has ever offered his patrons at the Columbia.

This beautiful five reel picture of child life reproduces the once popular song by the same name by Charles K. Harris and the star is Mary Miles Minter, recognized as not only the most beautiful, but the greatest child actress on the American stage.

Three or four seasons ago Miss Minter was selected from thousands of child actors to appear as "The Littlest Rebel" in William and Dustin Farnum's successful military play, and the press and public all over this country and England were loud in their praise of her fine emotional work in this great play.

No advance in price for "Always In the Way" at the Columbia tomorrow, although it is a picture of such real merit that you will say after you have seen it that you have paid higher admissions several times to see pictures not one-half as good or interesting.

First afternoon show tomorrow will begin promptly at 1:30 and the first evening show at 6:30 with the Columbia orchestra both afternoon and evening.

Two Big Features at Strand  
Much interest is being manifested in the later installments of

"The Black Box." The one for tonight, "Beneath Iron Wheels" in which Lenora and her horse go down with a collapsing bridge many feet into the raging waters and are heroically rescued by Sanford Quest.

The second feature is "Jealousy What Art Thou." Rex comedy-drama with Ben Wilson and Dorothy Phillips in the leading roles. Another reel "Jap Phenoms" is a whole show in itself.

**Temple Theatre**  
The Temple theatre presents for its first two part feature tonight the "Romance of Elaine," entitled "The Wireless Detective," a big play produced in a big way featuring the inimitable Pearl White, and a notable cast. The second two part feature is a Reliance production entitled "The Little Lumber Jack," the thrilling adventure of two children in the timber lands. The cast includes Paul Willis and Mildred Harris, the juvenile players, Bert Hadley and Dark Cloud.

**THEATRICAL**  
"Uncle Tom's Cabin"  
In the drama of "Uncle Tom's Cabin" are pictured scenes such as civilization of today has put away. Few now read that wonderful story of Mrs. Stowe, but dramatizing of which has kept alive for nearly three quarters of a century. There are few persons of mature years, laymen or clergymen, who have not time and time again witnessed the play and yet it is as popular today as forty years ago. As a historical production it is unequalled as a pleasing performance it never failed. At the Sun theatre Thursday matinee and night. Seats now selling. Special for the school children the matinee will be held until 3:30 o'clock, to give ample opportunity to see this grand old play.

**"Up In A Ferris Wheel" At The Sun Today**  
"Up In A Ferris Wheel" is the title of the offering to be presented today and Friday at the Sun theatre by the Southern Beauties Musical Comedy company. It tells the story of a hubby who does not come home until morning. He tells his wife that he was up in a ferris wheel all night on account of the machinery breaking down. Of course he does not tell her that there was a woman on the ferris wheel with him. She refuses to believe his story and he fabricates one to suit her namely that he went out with an old friend, lost track of the time and misses the last train. She refuses to believe this also. Frank Fuller, an old friend, arrives, to see Kimball and helps him out of the trouble by telling Mrs. Kimball that he is John Brown and that it was he who kept Kimball out all night. She begs forgiveness for doubting her husband's word. The comedy grows more amusing as the story unfolds that it was Fuller's wife with whom Kimball was up with in the ferris wheel.

New songs by the quartet and by the individual members of the company and elaborate costuming of the chorus who add much to the different songs will give the comedy a tone that will make one think of seeing a big high class production at a sensible price of ten cents, then as usual there will be a two reel feature picture and a one reeler.

**IMPEACHMENT TRIAL BEGUN BY COUNCIL**  
Terre Haute, Ind., Sept. 29.—The impeachment trial of James M. Gossom, was begun before the city council last night. Six witnesses were examined after which adjournment was taken until tomorrow evening. Nothing of importance was brought out at last night's session. Most of the evidence concerned the collection of money to aid in the defense of former Mayor Donn M. Roberts, who was convicted of election frauds and is now serving time in Leavenworth prison.

## Drug Clerk Sues The Spry Estate

Suit for \$1187.50, alleged back salary and borrowed money, was filed in common pleas court Wednesday against Thyra G. Spry, administratrix of the estate of the late Daniel R. Spry, West End druggist, by Attorney Alex C. Woodrow, representing Arthur R. Williams, a former clerk at the old Spry drug-store.

In his petition Williams claims that he was employed by Spry at a salary of \$300 a year. At a settlement made September 25, 1912, Williams alleges that Spry admitted owing him a balance on salary of \$176, which he claims has never been paid. From September 25, 1912, until January 24, 1913, he claims to have earned as salary \$1,800.00, \$1,120.30 of which he claims has been paid, leaving a balance there of \$746.35. From August 10, 1914, until November 24, 1914, he claims to have loaned Spry various sums of money, amounting in all to \$285, no part of which has been paid, he alleges.

He further avers that he has presented a claim for the entire amount alleged due him, to Thyra G. Spry, executrix of the estate, and that it has been rejected. He now asks the court to award him judgment for the full amount.

## Bigelow Reception

A reception will be tendered by the congregation of Bigelow M. E. church to its new pastor, Dr. Charles E. Chandler and family in the church auditorium on Friday evening, October 1st at 7:30 o'clock. Invitation cards were mailed out to the members and friends of Bigelow church by the committee in charge Wednesday morning. The reception is open to the general public.

## New Janitors To Step In On Friday

The terms of John Woods and Richard Ferguson, junior and night watchman, respectively, at the court house, expire Thursday night at midnight. They will be succeeded by William Price and Louis F. Minor, who were recently appointed by the new board of county commissioners.

## Mothers Club Has Boost For Candidate

The following article was handed to The Times Wednesday by the executive committee of the Mothers' and Teachers' Club of the lower Fourth street school building:

"The Fourth St. Mothers' club was organized about two years ago to co-operate with the teachers in the interest of the children and to better the sanitary conditions of the school buildings throughout the city.

The Mothers' Club was active in furthering the passage of the bond issue which provided for funds to install drinking fountains in all buildings, make the much needed repairs and build the new Garfield school building.

During the winter seasons all children in the Fourth street school who were not comfortably dressed were supplied with warm clothing.

## FALLS BENEATH TRAIN; LEGS GROUND OFF, DEATH ENSUES

Henry Woodrow, 50, whose home is eight miles back of Greenup, was seriously injured when he fell under the wheels of an N. & W. freight train at Chillicothe, O., Tuesday evening that he later died in a hospital there.

Woodrow was at the N. & W. depot with his son, Tom Woodrow, and grandson, Willard Woodrow, when the freight No. 55 was switching cars near the depot. Woodrow, it is claimed, attempted to get on one of the moving cars when his foot slipped and he fell beneath the wheels of the train. Both of his legs were ground off just below the knees. The accident happened at 5:30 p. m. and at nine o'clock Woodrow was dead.

The dead man had been cutting corn for several weeks near Chillicothe. Sunday he was with home folks near Greenup and returned to Chillicothe Monday.

Word of the death was received shortly after nine o'clock Tuesday night from his son, Tom, who with Willard Woodrow were eye-witnesses to the accident.

John Woodrow, another son, left Wednesday for Chillicothe to assist his brother in making arrangements to bring the body to the old home near Greenup.

Woodrow leaves his wife, Bethany Woodrow, and four sons, Tom, John, Cyrus, Howard, and one daughter, Minnie. He also leaves two sisters, Mrs. Sam Mitchell, of near Friendship, this county, and Mrs. T. P. Irwin, of Columbus. Dr. A. G. Sellards, of this city, is a brother-in-law of the deceased.

## APPOINTMENTS ARE ANNOUNCED BY N. & W.

Within the past few days a number of important changes and appointments have been made on the various divisions of the N. & W., which have been officially given out as follows:

D. C. Grubbs, who formerly was agent for the Norfolk and Western at Bassett, has been appointed to fill a similar position at Rocky Mount; vice R. D. Early transferred. Mr. Grubbs was relieved at Bassett by A. H. Peddy.

R. D. Early has been appointed agent at Rippon, vice P. W. Hairston transferred.

Henry G. Aley has been appointed engine foreman at Petersburg by the Norfolk and Western mechanical department. Mr. Aley will have charge of locomotive equipment at Petersburg and the City Point branch.

A. W. Wolslagel has been appointed general signal inspector of the Norfolk division.

A. C. Jones has been appointed day yard master and H. C. Miller has been assigned to the same yard as night yard master at Hopewell, Va. These are new positions recently created.

G. A. Obrien, of Durham, N. C., has been appointed to a position in the claim department of the Norfolk and Western. He has been assigned to the casualty branch of that department.

Punk Stanley, formerly of the general claim agent's office left that department Tuesday for Portsmouth, where he will take up the duties of route agent.

## NEW BOSTON

Bill Jenkins, who is to lead the Bills of the village in the Korn Carnival Bill parade, has issued a call for all Bills to meet at the town hall at 7:30 o'clock Thursday evening. Remember, every Bill is urged to be present.

Judging from the number of tickets that have been sold a large crowd will attend the ice cream social to be given in Davis hall tonight (Wednesday) by the Daughters of America.

The Ladies' Aid Society of the Baptist church will hold an all day meeting in the basement of the church Thursday.

The W. O. W. members will meet in regular session Thursday evening when final arrangements will be made to have the majority of the lodge members take part in the Korn Carnival Fraternal parade.

Dr. T. H. McCann of Waverly, was in the village on business Wednesday.

Pearl Culver is confined to her home with a slight illness.

Barbara Pitts is confined to her home with illness.

The Ladies' Aid Society of the Christian church will hold a meeting at the church Thursday afternoon.

Members of the Social Circle of the Baptist church held a meeting Tuesday evening at the home of Mrs. John Kachelski.

The Tiger football eleven has organized with John Emmert as captain. They will be ready to play within two weeks.

Marshal Will L. Davis is enjoying his annual squirrel hunt. Deputy Ike Wells went on duty Wednesday morning to allow Marshal Davis to take his trip to the hills back of Waits Station. Davis will be gone two days.

Mrs. Charles Bedford of Stewartsville, is confined to her home with illness.

Contractor Will Fremont is busy laying cement walks on the north side of Oak street in front of the Joe McManes, Herbert Tucker, Isaac Wells and James Ricker properties.

Mrs. Anna Pluck of Mullen, Idaho, is visiting her brother Joe Hladik of East Rhodes avenue. She will remain for the Korn Carnival.

Mr. and Mrs. Earl Jenkins were given a shower by their many friends at their home in Stewartsville Tuesday evening. The couple received a number of beautiful and useful presents.

G. W. Gifford left Wednesday for the Chase Rodeo farm near Stouts Post Office, Adams county, to spend several days hunting squirrels.

Assistant State Fire Marshal T. B. Bell writes Mayor Davis asking information about William Wolfe, owner of the property at 24 Gallia pike. A coal shed in the rear of the lot was one of the number declared unsafe when the fire marshal and his assistant visited the village on August 19. Mayor Davis has sent Mr. Bell of Circleville, the address of Mr. Wolfe, who lives in the city. The old Elmhurst barn on Gallia pike is being razed, it being one of the number of buildings declared unsafe.

There will be a special union meeting at the Christian church on Ohio avenue next Sunday evening. An illustrated lecture will be one of the features. The pictures that will be thrown on the screen will be of especial interest to the men of New Boston. The lecturer will be Harry Edwards of the Baptist and Christian churches will render special selections. It is hoped that the New Boston string quartet will be present with several selections. A reading in connection with one of the pictures will be another feature and some of the old familiar songs that are so well remembered and treasured will be thrown on the screen. It is expected that a big crowd will be present and arrangements have been made to find seats for as many as possible. As the entertainment will be preceded by a rousing song service it is likely that a two hours program will be given and if the house is filled by 7 o'clock the program will begin at that hour.

J. Bedford Edwards, choir leader of the Christian church, who has been in Steubenville and other parts of the state is expected home this week.

Grover Cook of Greenup, arrested last Friday on a drunk and disorderly charge, is an honest fellow, judging by the way he settled for his fine. Saturday morning he gave Mayor Davis a check for \$5 on the Louisa, Ky., bank. Wednesday the mayor received a letter from Cook along with a money order for \$5. In the letter he explained he had discovered that he had overdrawn his account and was sending the money order to right the matter.

## Fort Wayne Strike Raises New Issue

Fort Wayne, Ind., Sept. 29.—Twenty cars manned in part by old employees and in part by imported men were put in operation on the city street railway lines this morning. Few passengers were riding.

Traction officials declare they will contest the validity of the ordinance passed by the city council last night forbidding the operation of cars except by men who have had at least fourteen days' training on the Fort Wayne City lines. It was expected that Mayor Hoesy would sign the ordinance at once, and the action is expected to raise a novel issue in the matter of street railway strikes.

## COLONEL ROOSEVELT'S IDEA.

Opinions may differ as to Colonel Roosevelt's aims and ideas and his erratic flip-flops in political matters, but there is one thing about him that commands respect, and which always assures him of a hearing, no matter how much one may disagree with him. And that is, Roosevelt has the courage of his convictions. He does not stop to count the cost but says what he thinks, let the consequences be what they may, and no matter who may get hurt. Of all our public men, he is one of the most apt to fully tell what is in his own mind and to submit his views to his fellow countrymen without reservation. This characteristic is holding good with him in his discussion of the problems growing out of the European war. He is extreme in some of his views, too warlike in tone, too anxious to fight at the drop of the hat, but he is always interesting. Thus in the October Metropolitan Colonel Roosevelt has an article on "International Duty and Hyphenated Americanism", in which he contends that America should inject herself into world affairs in defense of right wherever assailed. He would have this country ready for any and all emergencies, thoroughly prepared in a military sense to back up any stand that we should take. He above all, stands out for American citizens being Americans, not hyphenated Americans of any kind, and he is bitter in his denunciation of all kinds and nationalities of hyphenated Americanism, declaring that "the hyphenated American has been shown in actual practice to be loyal only to that part of his life which precedes the hyphen. He is thoroughly disloyal to the 'American' part of his hyphenated-cognomen, and he must be thus disloyal because of the necessities of the case."

Colonel Roosevelt closes his article in this language:

"The United States owes a duty to other nations. We should so act as to show that we are one in a community of nations, with common rights and common duties, and that we are fit by our own trained strength to do our duty to others as well as to ourselves. This duty the United States can never perform until and unless she acts purely as a nation, not as a knot of jangling nationalities. If America means nothing but a squabbling congeries of German-Americans, Irish-Americans, English-Americans, French-Americans, Jewish-Americans, Italian-Americans, Scandinavian-Americans, then it is not worth while to have it a nation at all. Every man in our country who seeks to divide himself from his fellow-Americans along lines of creed or national origin is a bad American. Every man in this country who seeks to shape the policy of the nation, not in accordance with the interests of the United States and of humanity at large, but in accordance with the interests of the nation from which he or his ancestors sprang, is a thoroughly unworthy and unpatriotic citizen and should leave the country, to whose welfare his mere presence is a menace."

## THE GUN HABIT.

Another man wishes he hadn't carried a pistol. He knows now better than he ever knew before the worse than uselessness of a gun in the home as a means of protection. For, the "burglar" which he thought he heard in the house, and which he so courageously fired at, proved to be his little girl, and he shot her through the heart.

In the first place, a fellow doesn't stand much chance with a burglar, even if he has a pistol. Burglars do not stand around waiting for the man of the house to get a good shot at them. They have every advantage, in fact, and a man is only foolish when he hopes what he believes to be a burglar to try to kill him. The odds are against him, and in favor of the burglar.

By all odds the most dangerous criminal in the world is the fellow who enters a residence for the purpose of plunder. He is prepared to commit murder if it is necessary for him to do so to escape. He had much rather kill every member of the household than to be captured or be killed himself. So he goes about the preparation carefully, properly armed, and is alive to every move that is made in the household.

In at least one state in the Union burglarizing an inhabited dwelling calls for the death penalty. In nearly all states it is life imprisonment. If capital punishment is to be inflicted at all, it ought to be inflicted upon burglars. Certainly it ought to be so arranged that a man burglarizing a house could never again hope to have liberty. He is the one man for whom leniency should not be shown at any time, under any circumstances.—Dayton News.

## WOMEN TO LEAD?

"The women must be made to realize," says a writer in the Metropolitan Magazine, "that, with the best men killed, there will be the responsibility for going ahead with life along lines of progress and that they will have the preponderance of health and brains to do it, and that they must take the initiative." The comment has special reference to conditions in Europe, but conditions cannot exist in Europe without exerting an influence here.

Is the comment true? With the myriads of men destroyed, or disabled in all of the countries at war, there is at least a foundation for the judgment. A numerical preponderance of women after the war is certain, and it might be that in the members of that sex would be found a greater proportion of mental and physical vitality. Will it appear, then, that the war has been the great opening of the door to women—the door, not only to equal suffrage, but also to an equal chance in all departments of industrial, commercial and professional service? The writer goes even further than an affirmative answer to that question. He, or she, believes that the leadership is to be transferred to women. But most of us will be disposed to wait and see.—Columbus Dispatch.

And by the time Mr. Henry Ford has his first output of submarines ready we suppose the mechanics will be in to grease and tell Ford stories as they comb their hair.—Akron Beacon Journal.

## Your Health

Edited by John B. Landis, M. D., Health Officer of Cincinnati

Department of The Times Conducted in Co-operation with Committee on Public Health Education, Ohio State Medical Association.

## Measles

Measles shows a marked tendency to occur in epidemic form every two years—and this seems to be a "measles" year.

Cincinnati was comparatively free from the disease in 1914, but thus far this year there have been reported 1,448 cases, with twelve deaths. For a city the size of Cincinnati this is not very large, particularly when compared with the epidemic which occurred several years ago when 7,000 cases were reported in the city.

The general rule of an epidemic every two years applies to the state at large. In 1913, measles was present in almost every community. The state vital statistics show that the disease caused 671 deaths. Last year, this number dropped to 233 deaths.

The disease is again prevalent throughout the state, and great care should be exercised by parents.

Of all the diseases of childhood, measles is the most difficult to control. This difficulty is due to several reasons.

Very few people realize that it is dangerous to life, and many parents fail to call a physician. They seem to think that this dis-

ease, like whooping cough, is "bound to come and the sooner the better."

In its early stages it resembles a severe cold and no attempt is made to isolate the patient. When the eruption appears and the diagnosis is made, the child has been actively infectious for at least four days. A study of the above figures indicates how rapidly a community can be infected during the early stages of the disease before the eruption appears.

Uncomplicated, the disease runs its course in a few days, ending in recovery. Unfortunately, it frequently becomes dangerous because of an inflammation of the eyes, ears, or lungs. Numerous cases of defective vision or hearing and a great many deaths from pneumonia have their origin in an attack of measles.

Parents owe it to their children and to the community to do everything possible to prevent the spread of this disease. With cases present, every gentle cold occurring in a child that has not had measles, should arouse the suspicion that this disease is developing and should be followed by rigid quarantine until time makes

the diagnosis.

The acute catarrhal symptoms are different from those accompanying an ordinary cold. The eyes are congested and watery, the nose discharges freely, and cough is pronounced, having a peculiar hoarse note difficult to describe but very suggestive of a trained ear.

Complications of the eyes, ears or lungs frequently develop and are difficult for an untrained observer to recognize.

As in whooping cough, a large proportion of the bad results occur in children without medical attendance. The disease is particularly dangerous to very young infants, and for this reason attacks should be delayed as late in childhood as is possible.

A good rule for school teachers and parents to follow, is to assume, in the presence of an outbreak of measles, that every child showing symptoms of an acute cold is developing measles, and treat it by isolation and proper medical supervision.

## NEW-YORK-DAY-BY-DAY.

O. O. MCINTYRE.

New York, Sept. 29.—Broadway is beginning to take on its winter face. In the summer the street is mostly made up of folk who come in to look it over and say: "So this is Broadway, My! what a pretty place." But in the winter the street is very much different. It represents the typical playlot life of the metropolis.

There are the "chickens" in their fifty duds strutting up and down, leading actors, some of them all bearded up, vaudevillians, limousine actresses, low-necked backs with tolling occupants and the pell-mell of traffic. Theatres are popping open nightly.

The Broadway types have returned from their summer hide-outs. The wine is being spilled and the tables kicked over in the cafes. The actors and actresses are dancing nightly at the Sixty Club. Some tripping the light fantastic and others tripping all the light fantasies that come near them. But this is the Bright Light—and they must have their tungstons in this town.

Such a lot of young men are missing in New York. There's that young Mr. Kinkead, the trusted cashier who was trusted once too often and has not been heard from. Neither did he mail the money back. Frank O'Brien concludes that he has been gone so long that only one solution remains. He must be trying to find the slot marked "City Letters" in the down town post office.

Newspaper jesters lead a hard life. Bide Dudley, who writes a column for the Evening World, was walking up Broadway and met an actress.

"How's your column?" she asked.

Dudley must be jolly so he queried: "Newspaper or spinal?"

"I've got a real joke for you. He swallowed a girl."

"How is that?"

"Well, he drank a little milk

all night."—Milwaukee Journal.

## OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up

Count off! Your cold or head catarrh disappears. Your congested nostrils will open, the air passages of your head will clear and you can breathe freely. No more sniffling, hacking, mucous discharge, dryness or headache, no struggling for breath at night. Get a small bottle of Ely's Cream from your druggist and apply a little of this fragrant, antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed up and miserable. Relief is sure.

## Diamonds Do Not Slump

See the war stocks jump! You may be one of the fortunate ones who bought right, but play safe and invest some of your profits in DIAMONDS. Diamonds are always a safe investment—stocks are not.

The cause of the rise in the price of diamonds is economic, which, of course, is not always the cause of the advance of certain stocks.

A diamond indicates prosperity, lasts forever, and always pays a satisfactory dividend. We have some special values in Diamond Rings at \$45, \$50, \$75 and \$100. Others up to \$500.

See them in our window. A good time now to select one for Xmas.

## OBITUARY

Mrs. J. J. Kellison.

Local relatives have received word of the death of Mrs. J. J. Kellison, 32, formerly of this city, which occurred Wednesday morning at 2:30 o'clock at her home in Wilhelmina, Mo., from malaria fever after an illness of two weeks.

Mrs. Kellison was formerly Miss Christine Buerling, the daughter of Mrs. Elizabeth Buerling, of 1214 Franklin avenue, and spent the greater part of her life in this city, moving west a few years ago when her husband secured employment there. They resided in St. Louis for a few years and six months ago, moved to Wilhelmina. Mrs. Kellison is also a native of this city, being the son of Mr. and Mrs. Alex Kellison of Fourth street.

Besides her husband and four children Mrs. Kellison leaves a mother and seven brothers and one sister. They are: William, Frank, Henry, Paul, Bernard, Edward, Albert Buerling of this city and Charley who is located in Texas. Mrs. Kellison's only sister, Miss Margaret Buerling, was at her bedside when the end came, having gone to Wilhelmina several days ago to assist in caring for Mrs. Kellison and her four children who were all ill with fever.

Funeral services will be held Thursday morning at Wilhelmina, where final interment will take place.

Frank C. Rutter

Frank C. Rutter, aged 22 years, who for the past year has been employed as a roll-turner at the Whitaker-Glossner company's steel plant, died rather suddenly Tuesday afternoon at 4:45, of organic heart disease.

The sad and untimely death took place at the home of the young man's sister, Mrs. Robert C. Smith, of No. 1038 Grant street. He had been removed to her home when his condition became serious a week ago. Previously he roomed with a brother, Howard Rutter, an employee of the Whitaker-Glossner Company's shipping department, at

William Joseph Cole

William Joseph, three months old son of Ernest Cole, an N. & W. fireman, of Market Road, died Wednesday morning of summer complaint. The child had been ill for some weeks past. The father was out on his run when death invaded his home, but is expected to arrive from the East this evening.

Mrs. Mary Hager

Mrs. Mary Hager, 58, died at 12:30 o'clock Tuesday night at her home on Front street, near Waller, a victim of tuberculosis, with which she had been afflicted for the past eight years. Mrs. Hager came to this city about two months ago from Huntington, where she had resided for several years. She was born in Lincoln county, W. Va., and is survived by five daughters and three sons.

The body will be taken to Huntington Thursday for interment.

**Lost His Pocketbook**

Homer Myers, a bricklayer, of 1306 High street, had the misfortune to lose a pocketbook containing from \$35 to \$40 in this city Wednesday morning. He last saw it about nine o'clock while on East Eleventh street, and did not discover his loss until some time later, after he walked down to Chillicothe street and out Chillicothe to Fifteenth street. The finder will receive a reward upon its return to the owner.

**RACE TRACK PASSES**

Oakland, Calif., Sept. 29.—The Emeryville race track, the most famous course in the west when running horse racing held sway in California, soon will be subdivided into city lots according to an announcement today by the owners of the property.

## Sister Is Very Low

Mrs. Leo Griebel, Mrs. John Hasenauer and Joseph Melcher were called to Wellston Tuesday by the serious illness of their sister, Mrs. Frank Kleinmann, who is very low with Bright's disease.

Glycerin for the Feet.  
Doctor Benlans, a well-known French physician, recommends the use of glycerin in cases of too profuse perspiration of the feet, producing a disagreeable odor. He says this odor is due to a production of poisonous substances by bacteria. One has only to apply glycerin to the soles of the feet every morning and the distressing trouble will disappear.

the Mrs. John McElahan home on Offshore street. He had been suffering with heart trouble for some time past. The stricken young man's widowed mother, Mrs. Frank Rutter, and a married sister from Wheeling, W. Va., arrived a few days ago in answer to a summons, and remained at his bedside up to the time of his death. He remained conscious to the very last.

Mrs. Rutter was a sterling young man of exemplary habits and of good Christian character, and his sudden taking off, when he was just in the prime of life, has filled his many friends with genuine sorrow. The body was taken away on the 7:10 train Wednesday morning for burial at Elm Grove, W. Va.

Mrs. Mary Hassey

The last sad rites over the remains of Mrs. Mary Hassey, who died at her home on North Sixth street Tuesday morning, will be held Thursday morning at St. Lawrence church, with Dr. Cotter conducting the services.

Mrs. Mary Hassey, widow of the late John Hassey, was almost seventy years of age and her death was due to an attack of heart trouble, from which she has been suffering for some time, says the Ironton Ironfoundry.

Mrs. Ferguson

News of the death of Mrs. Ferguson, mother of Mrs. A. Clifton Thompson, came to Portsmouth relatives this week. Mrs. Ferguson was visiting at the home of Captain and Mrs. Thompson in Baltimore, Md., and died there suddenly last Friday. The remains were taken to her home in Crawford, N. J., for burial.

William Joseph Cole

William Joseph, three months old son of Ernest Cole, an N. & W. fireman, of Market Road, died Wednesday morning of summer complaint. The child had been ill for some weeks past. The father was out on his run when death invaded his home, but is expected to arrive from the East this evening.

## THE MARKETS

## NEW YORK STOCKS

New York, Sept. 29.—Aside from a resumption of the upward movement in specialties the Anglo-French loan failed to excite stimulating tendency at today's trading. There were numerous wide openings in the war group, Baldwin locomotive overshadowing all others with a sale of 8,000 shares at 135 to 140, a maximum gain of 12. American Locomotive opened with 1500 shares at 69 1/2 to 70, a two point advance. Railway Steel Springs rose 3 to 4 3/4. Pressed Steel Corp. 2 1/2 to 3 1/2 and Tennessee Copper, 4 1/2 to 5.

Colorado Fuel also became active at an advance of 2 1/2 to 3 1/2. The list showed signs of heavy profit taking after the initial outburst and reactions of 3 to 10 points followed.

The reaction resulting largely from heavy realizing temporarily unsettled the list but had no effect on the large outpourings of stocks, the first hour's business being estimated at 450,000 shares. Later prices showed more regularity, United States Steel's rise to 79 1/2 being a helpful factor. In the main, however, the morning session clearly reflected an increasing degree of nervousness induced by a mixture of professional liquidation and less aggressive public buying. Crucible Steel which rose six to the new high record of 107 1/4 and Lackawanna Steel 9 1/2 to 9 3/4, also a record together with a few other specialties, took the places of some of the leaders at midday when the trading became normal. Bonds were firm.

Today's market opened with a continuance of upward movement in war shares. These issues became heavy later on extensive profit taking.

## FRENCH REPORT

(Continued From Page One)

led to abandon to us. In the Artois district the progress reported yesterday to the east of Souchez continued unchanged and in the course of last night after a stubborn engagement, we reached Hill No. 140, the culminating point of the crests of Vimy and the orchards to the south of this point. The number of unwounded prisoners made by us in the course of this fighting is more than 300 and the men belong mostly to the two divisions of the guard.

In the Champagne district the fighting is going on without respite along the entire front. In the region to the north of Massiges further groups of Germans have surrendered. In this sector alone the total of prisoners last evening reached 1,000. There has been no other important action on the remainder of the front.

The enemy has bombarded violently our trenches to the north and to the south of Aisne in the regions of the St. Mand forest, of Troyon and of Vailly. We responded to this fire with energy.

## VETERANS MARCH

(Continued From Page 1.)

ated, who upon his arrival before the White House dismounted and joined the president in the reviewing stand. Then came detachments of regular soldiers, sailors and militia. Sons of Veterans, followed and directly behind them led by the United States Marine Band came the first of the old soldiers. The parade began to move soon after ten o'clock and was more than two hours passing. As it progressed some of the older veterans dropped from the lines. The old soldiers marched nearly in the center of the broad avenues while the ambulances spun along on both sides. Considering the advanced age of the men there seemed but few exceptions. The marching distance had been shortened as much as possible and the weather was ideal, the heat from the sun being tempered by a crisp breeze.

Veteran life and drum corps got most applause from the crowds. There were times, of course, when the shrill tones from the fifes sounded a little weak but that made no difference to those that heard. One corps was followed by a single old soldier marching, equipped just as he had marched fifty years ago; his knapsack and blankets strapped to his back. On his shoulder he carried the same musket he used throughout the war.

The paraders themselves cheered as they rounded the corner at the north end of the treasury, where a big banner stretched across the street bore Lincoln's commendation of the soldiers:

"There is one debt this nation can never repay—the one it owes to the defenders of the Union."

The banner was a duplicate of one that hung across Pennsylvania Avenue in the same location during the review of '65.

EXAMINE ALL DAIRIES

Columbus, Sept. 29.—Upon receipt of reports that an epidemic of typhoid fever had developed in Galion, T. L. Calvert, chief of the state dairy and food division, today sent Harry Mesloh, dairy inspector, to examine carefully all dairies which supply milk to Galion. If any traces of typhoid infection are found in the milk supply from any dairy it will be ordered closed. Mr. Calvert declared.

## PLANS FOR TWO NEW WARSHIPS ARE SECRET

Washington, Sept. 29.—Hull plans of the two new 23,000 ton super dreadnoughts, bids for which were advertised recently, are being closely guarded by navy department officials as they include new ideas to be defense against torpedo attack. While the general characteristics of the ships have been made public no details of the hull construction have been given out. It is understood, however, that the experiments with floating caissons begun immediately after the effectiveness of submarines was demonstrated in the European war have thrown light on the problem of guarding ships' bottoms from torpedo attack and that provision has been made in plans for the new vessels for greater subdivision and possibly for a degree of armor over vital sections. The caisson experiments were begun some months ago and will continue probably for another year. Navy experts are applying their theories in actual practice in reaching their decisions. Specially constructed caissons are tested with full charge explosives. The results of the tests are kept secret. At the same time experiments have been in progress with chain torpedos suspended from the ships.

The new ships, virtually duplicate the California class in appearance. They will have the clipper bows adopted for the California, carry twelve 14-inch guns mounted three to a turret, and will make 12½ knots an hour. In size, the ships will be the maximum that can pass through the Panama Canal, 640 feet in length and 97 in beam.

the proposed loan of \$500,000,000 outlined by Baron Reading, head of the Anglo-French commission last night. The members of the commission received social calls from prominent men in their hotel apartments but the principal business conferences were conducted by Mr. Lamont.

Baron Reading, with Ernest Mallet, agent of the Bank of France, strolled down Michigan Boulevard and later went for a drive with Arthur Meeker, of American company.

Among those who called on Mr. Lamont were James B. Forgan, president of the First National Bank, George M. Reynolds, president of the Continental Commercial National Bank and Wm. A. Tilden, president of the F. I. Dearborn National Bank.

New York, Sept. 29.—Formation of the big syndicate of bankers who will float the half billion credit loan to Great Britain and France was begun today by J. P. Morgan and Company and other financiers who have been associated with them in the negotiations here with the Anglo-French Financial Commission. The syndicate in practically every section of the United States. How long it will be before the Anglo-French

## SYMPTOMS OF DEBILITY

People who are tired all the time and never feel rested even after a long night's sleep, who cannot regain weight and strength, whose step is feeble and who feel no joy in living are debilitated.

A medical examination might easily show that every organ of the body is working normally but the power of the body will usually show that the blood is thin. This is the mark of the trouble.

Debility is a loss of vitality, not affecting any one part of the body but the system generally. The blood goes to every part of the body and the use of a blood tonic like Dr. Williams' Pink Pills quickly builds up the system. The first sign of returning health is a better appetite, improved digestion, a quicker step, brighter eyes, better color in the cheeks. The rich, red blood, reaching every organ and muscle, carries renewed health and vigor. The nerves are quieted, sleep becomes more refreshing and with persistent treatment and proper living the debilitated patient is once more enabled to enjoy life.

Two metal books, "Failing in the Blood" and "What to Eat" will be sent free on request by Dr. Williams' Medical Co., Schenectady, N. Y. Your own doctor should write Dr. Williams' Pink Pills.

Commission and the Syndicate managers will sign the contract which will embody in binding legal form the provisions of the agreement, whose details were officially announced here and in Chicago last night, was today a matter of surprise, but it was thought that a fortnight would see the project much further advanced than now, barring the remote possibility of a hitch on the other side of the Atlantic. The agreement which will be embodied in the contract requires the ratification of both the British and French parliaments and the contract cannot be signed until this is forthcoming. It is extremely unlikely, however, that ratification will be refused, or even delayed.

Official announcement of the details of the loan revealed but few departures from the plans previously outlined in unofficial reports. Nothing is said about the exclusion of purchases of war munitions. The most surprising feature was the price at which the big issue is to be sold to the underwriting syndicate. Previous reports had ranged from 97 1/2 to 99. The bonds will be placed on the market at 98 to the investor. The two percent difference in the prices to the syndicate and the investor will provide a profit for the syndicate and reimburse them for the expenses incidental to the loan's flotation.

Because the bonds will be sold four points under their par value, Great Britain and France will have placed to their credit here, not \$500,000,000, but \$480,000,000. In other words, the two nations are paying \$20,000,000 for the privilege of buying American products at the top of the market prices. The \$20,000,000 will buy this privilege, it is estimated, not for a long period, but for only a few months, possibly for a year, when the credit probably will be exhausted and if the war is still in progress another credit will have to be established, or some other method devised to meet the bills then coming due.

In addition to this \$20,000,000 the two countries will pay \$25,000,000 annually for five years—\$125,000,000 altogether. In interest to the holders of the bonds. Thus the unsettlement of the foreign exchange market during the past three months will have cost the two governments a total of \$145,000,000 when the final bill is paid.

The official announcement of the details fixing the size of the loan at \$500,000,000 stated that an issue was contemplated of joint Anglo-French five year, five per cent bonds. At maturity these short term bonds will be convertible, at option, into ten to twenty year 4½ per cent joint Anglo-French bonds, constituting as does the original issue, a first lien on Great Britain and France. Both issues will be free from present or future British or French income tax requirements and will be payable, principal and interest in dollars in New York City.

Individuals wishing to buy large blocks of the bonds may join the syndicate, it was announced, but a limit, yet to be disclosed, will be placed on individual purchases. To accommodate small investors the bonds will be issued in denominations as low as \$100 and may be paid for in installments whose amounts are yet to be determined.

## LOAN MAKES STOCKS JUMP

New York, Sept. 29.—Settlement of the main features of the \$500,000,000 international credit loan was made the occasion of another wild investment in special stocks today. The trading was again of a highly speculative and professional character, the former being side while traders sold liberally. In fact the market rose so far that it was a battle royal between those two elements. As usual, interest centered wholly in the specialties which have recently soared extraordinarily in price. Railroads and other investment is being either neglected or slightly lower.

Advances in the more prominent war shares were from 7 to 12 points, this group including Baldwin, Locomotive, Lackawanna, Steel and Tennessee Coppers. Other noteworthy features included Colorado Fuel, Railway Steel, American Locomotive which rose from 3 to almost 5 points while half a score of lesser issues were higher by 2 to 3 points. United States Steel which retained its place as a market wide manifest, a backward tendency in the early dealings but later advanced to 79½, equalling its recent

## RUSSIA PLANS FOR WINTER CAMPAIGN

New York, Sept. 29.—Owing to the expectation that the Russian port of Archangel will be blockaded with ice within a few weeks, arrangements are being made here for the departure for that port of a large number of steamers heavily loaded with supplies, much of which is intended for Russian army. Twelve steamers will leave here within three weeks in order to reach Archangel before the ice embargo begins.

Representatives of the Russian government here say that many of the vessels now engaged in the New York-Archangel service will be diverted to the Panama Canal route to Vladivostok as soon as it becomes practicable to send goods to the White Sea port. Notwithstanding reports that Russia is in great need of shells for her big guns, manifests of cargoes leaving here for Russia do not show unusually heavy shipments of such materials. The supplies going forward in greatest volume are automobiles and motor trucks, fire arms, boots and shoes, machinery and many kinds of iron and steel manufactures.

Athens, Sept. 28.—(Via London, Sept. 28.)—The Greek government has released the Sikhs and Gourkhas who were survivors of the British transport Ramazan, which was sunk by a submarine. They were sent immediately to Malta on the Messageries Maritimes steamer Sibou.

There has been no previous announcement of the sinking of the Ramazan, a steamer of 3,477 tons, although a wireless dispatch from Berlin on Sept. 21 stated that the Frankfurt Zeitung reported that a large British transport from Egypt for the Dardanelles had been sunk by a German submarine. This vessel could hardly have been the Ramazan, however.

## Aeroplanes Raid Serbian Village

Nish, Sept. 28.—(via London, Sept. 29, 7:19 a. m.)—The following official statement has been issued at the Serbian war office: "On the 24th hostile aeroplanes flew over Podjervatz, dropping twenty-two bombs and killing three men but doing no damage of military significance. On the 25th they again dropped bombs, killing one man. The same day enemy detachments tried vainly to cross the Drina near Resnik. A similar attempt was made near Porachnitz the night of the 24th."

## Americans Go Abroad To Make Munitions

New York, Sept. 29.—At least 150 American machinists engaged in all parts of the country are leaving New York each week to work in the munition plants of the European belligerents, according to information obtained at the offices of the International Association of Machinists here. The competition of Great Britain and Russia in employing American machinists is said to have driven the wages of such mechanics to the highest point yet known. It was learned at the British consulate that the call for those workers did not come from the government direct, but from an agent who has agreed to provide skilled mechanics for the private munition plants of Great Britain.

English works, it was stated today, are paying from \$25 to \$35 a week to mechanics who can make special machines and are paying 15¢ an hour for overtime. American manufacturers of war munitions for Allies are said to be paying as high as \$7 or \$8 a day to expert tool-makers.

## SEES FORMATION OF GIANT BIBLE CLASS

Columbus, Sept. 29.—Laboring men and lodge men are waiting for a concerted movement to reorganize men's church societies and Bible classes of all Protestant churches. Rev. Robert R. Rizer, pastor of Westminster Presbyterian church, Cleveland, declared today at a session of the Ohio State Adult Bible Class convention here.

"It seems to me that this can only come through the Men's Bible class," he said.

High price. Transactions in the first hour approximated the huge total of 150,000 shares, exceeding all recent records. Activity diminished slightly in the second hour, by which time some of the more volatile stocks had reacted 5 to 10 points, while others of a similar description moved to new heights.

Crescent Steel assumed the center of the stage at this juncture, issuing in large blocks up to 100,000 shares, after selling as low as 100½ in the first hour. The financial district was again disturbed with a variety of rumors dealing with alleged industrial combinations, some of which possessed the element of possibility of being confirmed.

Albany, Oregon, Sept. 29.—Otto Hooker, an escaped convict, who shot and killed Harry Minto, warden of the Oregon penitentiary, at Salem, and probably fatally wounded J. J. Benson, city marshal of Jefferson, died today from wounds suffered in a revolver battle with a posse last night. Hooker was discovered in an unoccupied house here shortly before midnight. A posse surrounded the house and demanded that he surrender. Hooker replied with a volley from a revolver. As his fire was drawn in another direction, a member of the posse crept to a window and fired a bullet through the convict-slayer's lung.

The convict escaped from a road gang Monday. Warden Minto, with a posse, encountered Hooker a few miles from Salem Monday night. A revolver battle ensued in which Minto was killed. As Hooker fled through Jefferson Marshall Benson fought hand to hand with him and was shot with his own weapon which Hooker had wrested from him. Hooker had been regarded as a model convict.

## TO ARRANGE BIG SERIES THIS WEEK

Chicago, Sept. 29.—Details of the world's series will be arranged at a meeting of the National Baseball Commission in New York City this week. B. B. Johnson, president of the American League, and member of the commission, said today.

The date of the meeting cannot be set until the races in the two leagues are decided definitely. It probably will be held on Saturday, Johnson said.

## BRYAN PAYS PRESIDENT A TRIBUTE

Nashville, Tenn., Sept. 29.—William J. Bryan in an address here last night paid the following tribute to President Woodrow Wilson:

"Happy for our nation that we have in the White House at this time a president who believes in setting the old world a good example instead of following the bad example which the old world sets in this matter. What an unspeakable misfortune it would have been, if in such an hour as this, the nation had been under the leadership of a president inflamed by the false philosophy which has plunged Europe into the abyss of war."

LADIES! SECRET TO DARKEN GRAY HAIR

Bring back color, gloss and thickness with Grandma's recipe of Sage and Sulphur.

Common garden sage brewed into a strong tea, with sulphur and alcohol added, will turn gray streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff; stop scalp itching and falling hair; stop the Sage Itch and Sulphur Itch at once; get the ready-to-put-on tonic, costing about 50 cents a large bottle, at drug stores, known as "Weyth's Sage and Sulphur Compound," thus avoiding a lot of mess.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Weyth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; in taking one gray hair has disappeared. After another application or two you have beautiful dark, glossy, soft and luxuriant and you appear years younger.

THURSDAY**THIRTY MALLET ENGINES ORDERED BY N. & W.**

The American Locomotive Works, whose headquarters are in New York, with branches in Richmond, Va.,

and other points throughout the east, have been awarded the contract by the Norfolk and Western to build thirty

mallet engines, for which plans and specifications were recently submitted, and for the construction of which bids were requested from sev-

eral locomotive builders. It was not thought probable in view of the heavy orders the Richmond branch of this concern has under contract

for the manufacture of shrapnel and war munitions, that any portion of the order for the new engines would be built at that plant.

These engines, it was said, were badly needed, and the work will be pushed forward as rapidly as possible. The contract involves an

expenditure of approximately a million dollars. It was stated at division headquarters in East Portsmouth Wednesday that a por-

tion of these newly ordered Mallet engines would be used between Kenova and Columbus and Kenova and Cincinnati.

**IMPRESSIVE SERVICES WILL MARK DEDICATION**

The dedication of the elegant new Sunday school building of the German Evangelical church will take place next Sunday with impressive services.

The new structure built at a cost over \$30,000 and is one of the finest of its kind in the state and of which the members of the congregation are justly proud. German and English addresses will be delivered in the morning by Rev. Weber, of Portsmouth, and two English addresses in the evening by Rev. Lehman of Columbus, and Rev. Schreiner, of Waverly. The dedication will begin at 9:30 a. m.

A special musical program has been prepared for the occasion and Miss Irma Lindemeyer and Mr. Clyde Knost, who are students at the Conservatory of Music in Cincinnati, will return here to participate. Rev. Samuel Lindemeyer, the pastor, has charge of the various arrangements which will be definitely announced later. Some very generous donations have been made by various members of the church towards equipping the dining room in the basement of the new building.

Mayor Adam Frick donated a complete set of china,ware, Ed J. Sims all of the linen, and Mrs. John A. Wilhelm all of the silverware. Charles Wertz donated the entire equipment for the gymnasium.

Cates, was not sufficient to warrant his retention. Jennings was committed to jail on September 17th.

**Bridge Nearly Done**

The Mount Vernon Bridge Company began work in earnest Wednesday removing its heavier equipment from the new county bridge site. The company still has a week's work left at the bridge, for it has yet to lay the floor of the foot passage walk, to complete the laying of interurban tracks and some more riveting to do on the north side of the bridge.

**PLANS NOT MATURED FOR BUILDING ELEVATOR**

All plans looking to the building of a \$2,000,000 grain elevator at Lambert's Point by the N. &amp; W. road are as yet in a tentative state, according to information from that company's general offices in this city. While it has been stated positively in some publications this elevator would be built at once, inquiries today of officials familiar with the company's intentions in regard to this construction work developed the fact that so far nothing definite had been decided upon.

**W. VIRGINIA MAY BE FAVORED BY BOARD**

Charleston, W. Va., Sept. 29.—It became known here today that the West Virginia debt commission appointed by Governor Henry D. Hatfield to look after the interests of West Virginia in the controversy with Virginia over the old commonwealth debt, now hopes to secure a material reduction from the \$12,393,929 awarded to Virginia by the United States Supreme court last June. An error, it was stated, had been found in the calculations as they were passed upon by one of the lower courts during the passage of the litigation and it had not been found until recently. It was also stated that certain members of the commission were in communication with members of the Virginia commission in the hope of reaching a compromise amount considerably smaller than that ordered paid by the supreme court. Meantime interest in the judgment as it stands is piling up at the rate of \$1,597 a day.

**CLEVELAND WINS, WILL GET HEAT**

Columbus, Sept. 29.—The Public Utilities commission today ordered the Cleveland Electric Illuminating company to extend its steam heating system to the new Cleveland City Hall.

The commission further ordered that the extension be completed within sixty days after the Cleveland City Council accepts a contract for not less than 10 years. The inference of the order is that the price is to be 35 per thousand pounds of steam, according to the original council ordinance, though no rate is mentioned specifically in the order. The decision of the Public Utilities commission is considered a great victory for the city of Cleveland.

**BIRTHS**

A fine little daughter arrived Tuesday afternoon in the home of Mr. and Mrs. J. Wesley Kinney of Ft. Thomas. It is their first born and the child has already been named, Louise Varner Kinney. Mrs. Kinney was formerly Miss Louise Pauline Varner and is a daughter of Mr. and Mrs. J. H. Varner of this city.

Sammy Yates, champion pool player, is hitting the high spots these days owing to the arrival of a fine little daughter at his home. It's the first born and Father Sammy is feeling so big that he has a notion to pull off a parade all by his lonesome during the Korn Karnival. He is kept busy acknowledging congratulations and passing around the perfectos.

A fine little daughter was born recently to Mr. and Mrs. Clifford Hartlage of Third street.

## TIMES SERVICE PATTERN 1423

1423. A popular, comfortable and smart style.  
Junior Dress.  
This attractive girlish model has good style features. The blouse is made in the new "smock" style, and may be plain or trimmed with the strap plaits. The broad collar is in Quaker style. The sleeve in wrist length has a straight deep cuff. In short length a turn back cuff forms a neat finish. The sleeve is set into a deep armhole with no fullness. The blouse can be used as an over blouse, by omitting the sleeves. The three piece skirt is cut with stylish flare and ample width. It is finished with an under waist if preferred. The style is good for combinations of wash or wool fabrics, for serge, taffeta, gingham, lawn, poplin, rayon, gabardine, velvet, satin or corduroy. This model will make a splendid school suit. The pattern is cut in 4 sizes: 12, 14 and 16 years. It requires 5 yards of 36-inch material for a 12 year size.

A pattern of this illustration mailed to any address on receipt of 10c in silver or stamps.

Orders for patterns are forwarded to New York to be filled, hence it requires several days for the pattern to reach the purchaser. Patterns can not be ordered by telephone. Do not use postage stamps for larger denomination than two cents.

### COUPON

Dear Miss Wise—Do you know of anything that will remove varnish, I mean off wood work? I want to do my room over in white.

NELL.  
Two parts denatured alcohol and one part turpentine. This does the work perfectly and is cheaper, I believe than prepared varnish removers.

Dear Miss Wise—Please tell me how large napkins should be?

## Real Strides in Suit Building

It used to be, and not many years ago, that "Shorts and Stouts" were designed. They were supposed to be worn by all the larger women. If she happened to be over a 42, the salesperson trotted out a "Short and Stout."

Then the Alteration Department remodelled the Suit.

Now, however, we buy the prettiest of models in LARGE SIZES. When we see a good looking number that is suitable for the full figure, we buy it, so that you may have plenty of stylish garments from which to select.

# EXPECT 1,000 VISITORS IN FRATERNAL PARADE

## SIX DIVISIONS TO BE FORMED

All details of the big Fraternal Parade on next Thursday evening were perfected at a meeting of the Fraternal Parade committee Tuesday evening at the offices of the Business Men's Association.

It is estimated that over 4,000 men and women will be in line, about 1,000 of whom will be from neighboring cities and towns. Almost every fraternal order in the city is expecting a delegation of its membership from nearby places. On the half dozen or more special trains that will enter the city that evening.

The Elks are looking for large delegations from Chillicothe, Ironton, Ashland and Huntington and the sixth division of the parade will be composed almost entirely of Elks.

The parade will be divided into six divisions, each of which will be under the supervision of a marshal and two aides. Three aides, all mounted, will assist Capt. Jas. W. Smith, the grand marshal, in getting the parade started.

The first division will form on the west side of Chillicothe on Ninth street, with the second division on the east side of the same street intersecting. Division 3 and 4 will form on the west and east side, respectively, of the intersection of Eighth and Chillicothe streets. Divisions 5 and 6 will form on the west and east side, respectively, of the intersection of Seventh and Chillicothe streets.

As Divisions 1 and 2 proceed south on Chillicothe street, the other four divisions will fall in their order, and the parade will be in full swing after Seventh and Chillicothe streets is reached.

**Form Line of March**  
The line of march is south on Chillicothe street to Second, west on Second to Market, north on Market around the esplanade and counter-march east on Second to Chillicothe, north on Chillicothe street past the reviewing stand, and east on Gallia street to Bond, where the procession will disband.

The Fraternal Parade this year promises to be a glittering spectacle, owing to the fact that many of the local lodges have ordered special marching costumes for the occasion.

Open house for visiting members will be held by many of the local orders after the parade, and the evening promises to be one of the most enjoyable in the history of the city.

**Formation of the Parade**  
The formation, as decided upon Tuesday evening, is as follows:

**Division No. 1.**  
Captain Crend P. Milstead, marshal; George Lauder and Joseph Krall, aides.

## "NOSTRIOLA" FINE FOR "STUFFY" HEAD COLDS OR CATARRH

You must try NOSTRIOLA.

A small trial size tube, which you can get at any drug store, will be enough to show what it will do.

NOSTRIOLA is certainly fine for Colds, Croup, Nasal Catarrh, Hay Fever and kindred affections.

You just apply a little to nostrils and at once, head is clear as a bell, you breathe freely and you distinctly feel your cold breaking up and leaving you.

The nostrils and the air passages are the breeding places for disease-breeding germs. When the membranes are sore and inflamed, you catch cold easily, and colds lead to Catarrh.

NOSTRIOLA is intended to soothe and strengthen the linings of the air passages so they can resist and throw off colds.

Get a small tube to try. All druggists sell and recommend NOSTRIOLA.

Definite arrangements for the 'Choral Contest' on Friday afternoon of the Korn Carnival were perfected at a special meeting of the committee in charge at the high school building Tuesday evening.

Children taking part in the contest will be instructed to report at the high school building at two o'clock. A special car will carry children down from the Garfield school building on the Gallia pike.

Arrangements were made to decorate the high school building profusely with national and Korn Carnival colors, and it will present an animated appearance with the decorations as a background for the scores of bright-faced, happy school children, who will lift up their voices in song.

Decision was reached as to the order in which the choruses will sing. Choruses from the third, fourth and fifth grades, which will sing "The Boatman" will appear in the following order: Fourth street school, St. Mary's parochial school, Lincoln school, Highland school, Campbell avenue school, Eleventh street school.

Choruses from the sixth, seventh and eighth grades, singing "Water Lilies" will sing in the following order: Offshore street school, Bond street school, Union street school, Garfield school, Holy Redeemer school.

After all choruses have sung, they will be massed together and will sing in unison the first and fourth stanzas of America and the first verse of the Star Spangled Banner, to the accompaniment of the River City band.

Piano accompaniment will be furnished for the individual choruses. The grand piano belonging to the high school will be moved out into the open air entrance.

**Police Hunting For Man With Check**  
A stranger wearing a painter's uniform called at Albert Pressler's drug store, corner Eleventh and Offshore streets Wednesday morning and asked to have a \$11 check cashed. It was drawn in favor of "John Baker." When Mr. Pressler stepped to the telephone to call up a bank and find out of the check was good the man and Offshore streets Wednesday morning and asked to have a \$11 check cashed. **"RAISES CAIN" AGAIN**  
Jim Caine, true to his name, "raised Cain" again at his home in the Blake block Tuesday night, abusing his wife and creating an uproar generally. Police made two trips to the house before arresting him. It was his second offense of the kind in the past fortnight and his wife has decided to leave him. Caine has been employed at the N. & W. terminals. He was fined \$10 and ordered put to work on the streets.

**Markets Changed**  
Acting upon a request of the Korn Carnival committee the public service department has ordered the public markets held on Seventh street east of Chillicothe street, beginning with Saturday. This is done in order to permit the erection of agricultural booths on the upper market square, which will be started Friday.

**PAINTERS TO TURN OUT**  
Portsmouth Local No. 555 Painters and Paperhangers at a meeting Tuesday night unanimously decided to participate in the Korn Carnival Boosters' parade. The union hopes to have a full turn-out of members.

**NEW DISTRICT AIDE**  
In General Orders No. 2 issued by Division Commander T. E. Long of the Ohio Division Sons of Veterans, from headquarters at Dayton, the new district aides are appointed. In District No. 4 now comprising Camps No. 16, 26 and 44, Harry M. Sickles of No. 26, Portsmouth, is appointed District Aide. The slogan of the Division this year is "S.O.V. at Marion."

**Club Will Have Booth On Gallia St.**  
The Mothers' and Teachers' Club of the Lower Fourth street school building will operate a refreshment booth on Gallia street, in front of Reilly's bookstore, during the Korn Carnival. Box lunches, sandwiches, ice cream and cake will be sold.

**Attention Ladies Aid**  
A very important meeting of the Ladies' Aid Society of the German Evangelical church will be held Thursday afternoon at the home of Mrs. Charles Daehler on Eighth street. The attendance of every member is urged.

**Look Out For Colds--Catarrh**  
Don't let this Winter bring to you the annoyance of Catarrh and suffering which every man and woman who is afflicted with this disease, has cause to dread.

First of all remember, if you continue to suffer with Catarrh, it is your own fault. Catarrh is worse in Winter because the most common-place precautions against germs and contamination are neglected.

We go to study theatres and inhale over and over again vitiated and germ-laden air. We sit in over-heated rooms, neglect exercise, exclude fresh air because it's cold, and in a hundred ways do everything possible to assist in the ravages of a disease that is already making tremendous progress towards a complete sapping of vitality.

It is small wonder that Winter brings additional annoyances to Catarrh sufferers. The nostrils, reasonably free in summer, are easily stopped up by the inflammation of the tender membrane, and the phlegm and secretions which cannot readily flow, aggravate the delicate lining of the throat and poison the system. Coughing and spitting becomes more frequent. In fact, Catarrh is not only a nuisance, danger and annoyance to the afflicted, but a continued menace to everybody. Any one who comes in contact with Catarrhal germs, expectorated or exhaled in stuffy rooms, poorly ventilated theatres or cars, may contract the disease. They'll think they have

taken cold, but it is more likely that this insidious, waster of strength and vigor has fastened itself upon them. They will soon know the Catarrhal headache, the disagreeable closing of air passages, they may find it attacking the bones of the nose, the tissues of the ear, resulting in deafness, the loss of smell, for no part of a body is secure from the ravages of Catarrh. Catarrh makes you sick all over. It is a disease of the blood. It circulates through the system, and for this reason sprays, washes, vapours and salves must be failures in curing it. You can relieve Catarrh thoroughly and permanently, S. S. S. will cleanse the blood, relieve unhealthy secretions, reduce the membranous swelling. It will literally wash the blood free from the poison. S. S. S. goes directly to the source of trouble, enriches, while it cleanses the blood, is a wonderful tonic, invigorator. Write us particulars of your case and let our physicians help you get rid of this stubborn and dangerous malady. Our physicians are trained specialists; their services cost you nothing. We will take pleasure in answering questions. S. S. S. is for sale at drug stores. Refrain from imitations. Write the Swift Specific Company, Medical Department, Room 15, Atlanta, Ga.

## NEW BOSTON MOTORIZES ITS FIRE DEPARTMENT

New Boston has motorized her fire department. A called meeting of council was held Tuesday evening to pass an ordinance to buy the fire-fighting apparatus. Members J. C. Harris, W. T. Harr, Fred Essman, Frank White and Lawrence Fitch were present.

The fire truck is first class and of the latest model. The cost was \$1350 and the machine was bought from the American LaFrance Fire Engine Company of Elmira, N. Y.

Mr. Bagley, of the Cincinnati office of the company, was present. The truck is to be delivered in twenty-five days.

The truck has a 25 gallon chemical tank, 150 feet of chemical hose, 200 feet of double jacket water hose, 18 foot extension ladder, large pump and the necessary axes and helmets.

Contractors Kelly Bros. were also allowed a large estimate.

## FINAL ARRANGEMENTS MADE FOR BIG CHORAL CONTEST

Definite arrangements for the 'Choral Contest' on Friday afternoon of the Korn Carnival were perfected at a special meeting of the committee in charge at the high school building Tuesday evening.

Children taking part in the contest will be instructed to report at the high school building at two o'clock. A special car will carry children down from the Garfield school building on the Gallia pike.

Arrangements were made to decorate the high school building profusely with national and Korn Carnival colors, and it will present an animated appearance with the decorations as a background for the scores of bright-faced, happy school children, who will lift up their voices in song.

Decision was reached as to the order in which the choruses will sing. Choruses from the third, fourth and fifth grades, which will sing "The Boatman" will appear in the following order: Fourth street school, St. Mary's parochial school, Lincoln school, Highland school, Campbell avenue school, Eleventh street school.

Choruses from the sixth, seventh and eighth grades, singing "Water Lilies" will sing in the following order: Offshore street school, Bond street school, Union street school, Garfield school, Holy Redeemer school.

After all choruses have sung, they will be massed together and will sing in unison the first and fourth stanzas of America and the first verse of the Star Spangled Banner, to the accompaniment of the River City band.

Piano accompaniment will be furnished for the individual choruses. The grand piano belonging to the high school will be moved out into the open air entrance.

**"RAISES CAIN" AGAIN**  
Jim Caine, true to his name, "raised Cain" again at his home in the Blake block Tuesday night, abusing his wife and creating an uproar generally. Police made two trips to the house before arresting him. It was his second offense of the kind in the past fortnight and his wife has decided to leave him. Caine has been employed at the N. & W. terminals. He was fined \$10 and ordered put to work on the streets.

**Markets Changed**  
Acting upon a request of the Korn Carnival committee the public service department has ordered the public markets held on Seventh street east of Chillicothe street, beginning with Saturday. This is done in order to permit the erection of agricultural booths on the upper market square, which will be started Friday.

**PAINTERS TO TURN OUT**  
Portsmouth Local No. 555 Painters and Paperhangers at a meeting Tuesday night unanimously decided to participate in the Korn Carnival Boosters' parade. The union hopes to have a full turn-out of members.

**NEW DISTRICT AIDE**  
In General Orders No. 2 issued by Division Commander T. E. Long of the Ohio Division Sons of Veterans, from headquarters at Dayton, the new district aides are appointed. In District No. 4 now comprising Camps No. 16, 26 and 44, Harry M. Sickles of No. 26, Portsmouth, is appointed District Aide. The slogan of the Division this year is "S.O.V. at Marion."

**Club Will Have Booth On Gallia St.**  
The Mothers' and Teachers' Club of the Lower Fourth street school building will operate a refreshment booth on Gallia street, in front of Reilly's bookstore, during the Korn Carnival. Box lunches, sandwiches, ice cream and cake will be sold.

## Silver Medal Contest Is A Grand Success

Louis Martin, ten years old was the winner in the silver medal contest at Trinity church Tuesday evening. The contest was conducted by the Young People's Branch of the W. C. T. U. and a large number were present. The contestants were Evelyn Campbell, Mildred Heid, Esther Graf, Jean Cole, Harry Mathiot, Paul Graf, Harold Monroe and Louis Martin.

Martin recited "Fido and His Master." Miss Margaret Quinn rendered a vocal solo and Miss Laura White played a violin solo. Miss Lucille Tracy superintended the silver medal contest work.

The executive committee of the W. C. T. U. will hold a meeting Saturday evening at 7:30 o'clock at the home of Miss Marjorie Gerlach, 1522 12th street.

The judges of the contest Tuesday night were Prof. Robert Meeks, Massa Foley and Mrs. Ardina Dameron. Miss Gerlach presented the medal to the winner.

# FLASHES FROM THE REAL CENTERS OF SPORT

## Moran Wins With 23 Men

Philadelphia, Sept. 29.—AT Moran is dealing the theory that a whole army of athletes is necessary to win a pennant. The Quaker chief-tainer has used only twenty-three players this year and he has had his team out in front almost all season long.

One of the twenty-three—Joe Quescher—was farmed to Providence. No major league leader has done less experimenting this season than Charlie Dooin's successor.

He got a good line on his men at the training camp and retained only one "rookie." Additions to the club since the season started have been the two pitching Georges—Chalmers and McQuiljan.

In 1905 the Cubs won the National League banner with 23 players; in 1907 they had 24, and in 1908 they had 25. The Pirates of 1909 numbered 29. The Cubs came to the top in 1910 with 27 pastimers.

The number of men John McGraw used when he was winning the flags of 1901, 1912 and 1913 was, respectively, 28, 28 and 32. George Stallings employed 31 athletes while he was winning in 1914.

Moran hasn't shifted his material around much either. Paskert has played four positions, Whitted three, Stock, Weiser, Becker and Adams, two and the

rest of the men only one.

Shortstop Jimmy Hancock has been on the shortstop job in every game the Quakers have played this year but not in every inning of every game.

Bannio spoke rudely to Ernest Doubleday in the second game of the double-header with the Pirates on July 12 and was banished.

This is the Phil roster of 1915 and the way Moran has used his men:

**PLAYED FOUR POSITIONS**  
Paskert—First base, left field, center field and right field.

**PLAYED THREE POSITIONS**  
Whitted—First base, left field and center field.

**PLAYED TWO POSITIONS**  
Stock—Third base and shortstop.  
Weiser—Left field and center field.  
Becker—Left field and right field.  
Adams—Catcher and first.  
All the other players have performed in their regular positions without a single switch.

## WILL HURLING TRIO DECIDE BIG SERIES?

Top to bottom: Wood, Shore and Ruth.

## NEBRASKA TO HAVE VERY FAST ELEVEN

Nebraska promises to be considerably among those present in the western football world this year.

Nebraska, like Michigan, isn't in the Western Conference. It's looked upon as outside the fold, yet Nebraska each year turns out eleven under the brilliant coaching of Everett R. Stein that rank among the best in the country.

## TODAY IS BIG DAY AT COLUMBUS TRACK

Columbus, Sept. 29.—Today is counted on by horsemen here to be one of the big days of the Columbus Grand Circuit season. In addition to four races, one of which is worth \$10,000, it is planned to hold several speed trials at the track this afternoon which has aroused great interest.

The racing card for the day includes a 2:15 trot for a purse of \$1200; the Horseman and Spirit of the Times three year old trotting futurity, worth \$10,000; the Arch City 2:10 pace, stake \$3,000 and a 2:13 pace for a purse of \$1200. Directum I, Peter Volo, Margaret Druden, and Etawah are all expected to make speed trials during the afternoon.

## Pulls Queer Play

Peculiar plays in baseball! Well, how about this one in which a first baseman executed a double play at second base?

The Giants and Reds were staging a combat. Lohert, the first man up the inning under discussion, doubled to the first pitcher. The pitcher turned to throw to third and then saw that Lohert had turned around and was well on his way back to second. So the pitcher heaved the ball at Molwitz, the Reds' first baseman.

Brainerd had rounded first and was half way to second by that time. Mol-

## Local Boy Starred

Crowder Perkinson one of Portsmouth high school's star gridiron warriors of last season broke into the game with Europe Technical school Saturday. Perkinson played left end and put up a very creditable game. With the Red and Blue eleven Perkinson played in the back field. His fleetness will come in handy playing at end. Perkinson is a son of W. E. Perkinson of Elm street. He is taking an engineering course.

## PHILLIES HAVE GREAT PITCHERS

Alexander has been the mightiest defense factor in the great pennant fight of the Phillies—but one mustn't overlook the fact that there are several other Phillie pitchers who have aided in the uplift movement.

Dummers has won twelve of his Phillie combats. Meyer has won 15. McQuiljan, the cast-off, has won eleven. Ruxey has nabbed ten more and Chalmers has won six.

As the pitchers in the National league go into the stretch, it begins to peek as if Alexander will finish the season where he ought to finish—at the top.

**TICKETS ON SALE**  
Season tickets for two high school games here have been placed on sale at the low price of \$1. The students are conducting a ticket selling campaign.

## BATTLE FOR WESTERN FOOTBALL SUPREMACY WILL SOON BE ON; MINNESOTA AND ILLINOIS APPEAR TO HAVE EDGE ON RIVALS

Western conference coaches. Left to right, top: Childs of Indiana; Williams of Minnesota; Murphy of Northwestern; Stagg of Chicago. Bottom: Wiley of Ohio; Jeneau of Wisconsin (just below Williams); Smith of Purdue; Hawley of Iowa; Zuppke of Illinois.

The battle for the western conference football championship will soon be on in earnest. All of the Big Nine teams will play next Saturday. The coaches have a wealth of material from which to select teams, and the clearest edge is not yet certain which college will carry off the season's honors. Minnesota and Illinois, however, appear to have the edge on the other teams.

## SPORT SALAD

The A. B. C. of the Phillies' success isn't agility, bunting and cleverness as much as it is Alexander, Hancock and Lohert.

Under what's because of these guys who were yelling about Charlie Comiskey buying a pennant?

We note Carlisle hit her stride the first game of the season, which means it's wonder if the Indians didn't have a little something to do with the success of the team instead of Pop Warner being all of it.

## Pennsy To Come Back

New York, Sept. 29.—Pennsylvania seems due for a "come back" this year. Sixty footballers answered the first call of the coaches, and of this number 30 are veterans of the 1911 campaign—the greatest number of seasoned players in many years.

"Many of our best players in 1914 are back," said Head Coach George Brooke. "The outlook for us just now seems extremely bright."

## Major League Races Virtually Decided

New York, Sept. 29.—[T]H less than two weeks of the season remaining, the pennant races in the major leagues have assumed such a shape that baseball enthusiasts who wish to witness all the games of the coming world's series are consulting time tables that show the train schedules between Philadelphia and Boston. Alexander, of the Philadelphia Nationals, and Stone of the Boston Americans, already have been tentatively assigned by the prophetic writers of the sporting columns to pitch the opening game for their respective teams.

The Detroit cannot win the American League pennant unless they win all their remaining games while the Red Sox are dropping seven out of the ten they have to play. The more studies of these figures show how slim is the probability of any upset. The Phillies have only a capture three of the nine games left in their schedule in order to place themselves in the league's premier position at the season's end.

## CAPT. DAVIS TO PILOT IRONTONIANS

The Ironton high school football team is being put through stiff practice every day by Coach Hixon. Captain "Shorty" Davis will be in charge of the Gold and Black piebald warriors this season. The I. H. S. played a game with the Lombards of that city several days ago and won by a score of 12 to 0.

The team will again be light but what it lacks in weight will be made up in speed. Ironton high's probable lineup: Center, Proctor; guards, Lane, Burdette and Fuesitt; tackle, Schaeffer and Brooks; ends, Ward, Miltendorf and Heald; quarterback, Haney; left half, Davis; right half, Roll and Hayes; full back, Philz.

## Kid Wells Knocked Out

Chester Penix of this city met Kid Wells at Chillicothe for six rounds yesterday and Penix knocked Wells out in the third round.

Charles Welch put the K. O. wallop on Kid Haury in 30 seconds of what was to have been a 4 round bout. After knocking out Haury Welch fought five fast rounds in a draw with "Ernie" Banks, colored, who weighed 180 pounds and would have scored another K. O. had it not been for injuring his wrist in the first round. The fighting took place at the Elks' club hall at Chillicothe.

## True Secret of Keeping Youthful Looking

(The Beauty Secret.)

The real secret of keeping young-looking and beautiful is to keep the liver and bowels normally active. Without these regular, vigorous waste products are eliminated from the system, polluting the blood and lodging in various organs, tissues, joints. One becomes sallow, nervous, mentally sluggish, dull-eyed, wrinkle and sallow skin.

But to get liver and bowels working as they ought, without producing evil after-effects, has been the problem. For centuries a prescription of un-qualified merit, which may now be had in convenient tablet form. Its value is due largely to an ingredient derived from the humble May apple, or its root, which has been called "the drowsy" because of its effectiveness—though of course it is not to be classed with the usual class of narcotic drugs. These "drowsy" tablets—that's the name—and their formula is not followed by weakness or exhaustion. On the contrary, these harmless vegetable tablets tend to impart vigor and elasticity to the relaxed intestinal wall. Sentinal tablets, which may be procured from any druggist—a druggist will do—will give a revelation to a constipated, liver-troubled person.

## Chief Cause of Pimples, Blisters, Sallow Skin

(Messenger of Health.)

Ugly eruptions, pimples, blotches, yellow or muddy skin, usually are due to a disordered liver and bowels—and a polluted blood stream as a consequence. How foolish in such cases to resort to dangerous applications, which can never have natural, permanent results. If many people only knew this, they would not be so quick to use the "drowsy" tablets, which are as effective as any medicine, and recognized by the medical profession, which has been put in tablet form and at such small cost to one who may be deprived of the wonderful benefits of sentinal tablets—that's the name—are entirely vegetable and there is no habit-forming ingredient. You need only eat about a dime's worth, and swallow it at bedtime to realize there's nothing else quite so good for the purpose. The action in the morning is so easy, so soothing, and instead of a weakening after-effect, you feel truly refreshed and invigorated. Sentinal tablets are not only the most remedy known for constipation and torpid liver, but also the safest, most sensible treatment for the complicated difficulties of the character mentioned.

## Great Demand for New Constipation Remedy

They say that the advent of the "sentinal" tablets as a vegetable substitute for castor oil has resulted in an extraordinary demand for this remarkable product. It is said to have made a big difference with those afflicted with chronic constipation, who were quick to recognize its benefits over castor oil and the usual laxatives.

Sentinal tablets, aside from their effect on the bowels, also have a tendency to aid in bringing about normal functioning—instead of encouraging the cathartic habit. Instead of injuring the membranous lining of the organs involved, they exert a healing influence. Instead of irritating, they work so easily and gently, they are as effective as any medicine, and recognized by the medical profession, which has been put in tablet form and at such small cost to one who may be deprived of the wonderful benefits of sentinal tablets—that's the name—are entirely vegetable and there is no habit-forming ingredient. You need only eat about a dime's worth, and swallow it at bedtime to realize there's nothing else quite so good for the purpose. # ATTEMPT TO ASSAULT GIRL IS FRUSTRATED, ASSAILANT ESCAPES GIRL DROWNS IN 12 INCHES OF WATER

Miss Rosevelt McKinley, aged 14 years, daughter of a former marriage of Mrs. James Bennett, of No. 243 Front street, was the victim of an attempted assault near her home Tuesday evening, about 3 o'clock.

The girl who is an eighth grade pupil of the Bond street school, had been sent out by her mother to get a one-dollar bill changed. She was humming merrily as she strolled leisurely up Front street. Just as she approached the alley adjacent to the Ben Reilly grocery, she claims, she saw a well-dressed young man, wearing a soft black hat, standing against the wall. When she passed he grabbed her by the arm and attempted to drag her up the alley, but she jerked away from him and began screaming at the top of her voice. The fellow ran down the alley towards Second street, and it was reported escaped in an automobile that was waiting.

William Stenshorn and other residents of the neighborhood who were attracted by the girl's screams as she ran past the store that she had expected to enter, began a vigorous hunt for her would-be assailant and were later joined by police officers who were called to the scene, but they were unable to find further trace of him.

Miss McKinley believed the man was the same who followed her and two girl friends, Misses Gladys Hunter and Irma Macquard, down Front street early Sunday evening. They were afraid to enter her own home for fear he would enter through a rear door, and accordingly took refuge in the home of her grandmother, Mrs. Richard Eastwood, next door. The fellow seeing he had frightened the girls, then hurried out Madison street.

## THOUGHT SHE COULD NOT LIVE

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Unionville, Mo.—"I suffered from a female trouble and I got so weak that I could hardly walk across the floor without holding on to something. I had nervous spells and my fingers would cramp and my face would draw, and I could not speak, nor sleep to do any good, had no appetite, and everyone thought I would not live."

Some one advised me to take Lydia E. Pinkham's Vegetable Compound. I had taken so much medicine and my doctor said he could do me no good so I told my husband he might get me a bottle and I would try it. By the time I had taken it I felt better. I continued its use, and now I am well and strong.

"I have always recommended your medicine ever since I was so wonderfully benefited by it and I hope this letter will be the means of saving some other poor woman from suffering."

Mrs. MARTHA SEAVEY, Box 1144, Unionville, Missouri.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for years.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

When Lucy Ogle, twenty-year-old daughter of Mr. and Mrs. Lave Ogle, prominent residents of near Manchester, did not return home from an errand as soon as she was expected Tuesday afternoon, her mother started in search of her. A few moments later she was horrified to find the body of her daughter floating in twelve inches of water in Brush Creek near their home.

The drowning took place near

a foot bridge leading from one part of the Ogle farm to another, made of a single plank supported by large stones. The cause of her death is not definitely known, but two theories of the drowning are advanced. Either the girl slipped and fell off the plank, the fall rendering her unconscious, or she was seized with a fainting spell while walking across it, drowning before she recovered consciousness.

Miss Ogle left the house about four o'clock Tuesday afternoon to

reach the orchard after apples. To cross the foot bridge, she had to go over a half hour, her mother became alarmed and went in search of her.

# "I AM ON THE UP GRADE" SAYS FRANK DEATERLE

Still the tide increases. To persons not already familiar with the history of what Tanlac has achieved in other cities, it is marvelous how this new medicine is giving relief to thousands of sickly people.

Recently, Mr. Frank Deaterle, who is garbage contractor for the city of Portsmouth, came out in the following statement:

"I am taking Tanlac, and I believe it has done me more good than any medicine yet. For some time I have been all out of sorts. Since beginning on this medicine I feel considerably better. I am much encouraged with results, enough so that I am keeping up the treatment."

Hundreds of statements like the above are being made daily in Portsmouth by the very best citizens, people of unquestionable character. They are only too glad to say a word that will lead to the relief of other sufferers.

Tanlac is especially beneficial in case of stomach, liver and kidney trouble. Also catarrh, rheumatism, poor circulation, loss of appetite and unsound sleep. It is called the "Master Medicine", and is on sale in Portsmouth at the Fisher & Streich Pharmacy, Sixth and Chillicothe Sts., where representatives are courteously explaining Tanlac. Adv.

# BOY RUN DOWN BY AUTO: IS BADLY INJURED

## Fifth Street Is The Scene Of Accident

Internal injuries, multiple bruises and cuts about the head and body and possible injuries to the spine were suffered by Louis Zucker, Jr., four-year-old son of Louis Zucker, Sr., at 10 o'clock Wednesday morning when he was run down by an automobile driven by Thomas Lawson of 1409 Second street.

The regrettable accident took place in front of the Zucker home, 1644 Fifth street and the youthful victim was so badly injured that for a while apprehension was felt that his injuries were of a fatal nature.

However no bones were broken and according to Dr. Harry Schirrmann, L. G. Locke and W. D. Micklethwait, who were called the boy will recover. He was unconscious when carried into his home and did not revive until an hour after being struck by the Lawson car.

According to Mr. Lawson's version of the accident he was driving east on Fifth street on his way to Seventh and Adams streets, where he was called on an errand when the Zucker boy, who was concealed behind an ice wagon standing in the middle of the street stepped out in front of his machine. The fender of the car struck the Zucker boy and it is claimed the car dragged the boy about 20 feet. Mr. Lawson says he stopped his machine, which he had under control as soon as possible and if the boy was dragged he did not know it. He sounded his horn before reaching the ice wagon he says and was surprised to see the boy step directly into the path of the machine. Mr. Lawson assisted the Zucker family in caring for the boy until three physicians arrived and was deeply affected by the accident.

It was reported that the boy had been run over by the Lawson machine, but Mr. Lawson says that the fender of his car hit the boy and that the wheels, he believes, did not pass over the victim's body.

Mr. Zucker is a well known workman in the employ of the Excelsior Shoe company. His son is a very bright little fellow and the accident was greatly deplored in the neighborhood in which it took place.

## Officers Sued

The arrest and detention of Attorney John J. C. Johnson and Mrs. Lucy McMillan, of Olive Hill, Ky., at Coal Grove, Sept. 28, while on their way to Portsmouth to take depositions in a case in which the woman was plaintiff, has been followed by damage suits at Ironton.

The lawyer and his client have sued Albert Nance and Cecil Hastings, deputy marshals of Coal Grove, and their bondsmen, John Peters and Charles Slater, for \$4,400, for alleged charging them, without evidence, with being counterfeiters and passing counterfeit money, detaining them several hours and humiliating them by treating them publicly as criminals and causing them to miss their train to Portsmouth and preventing them from reaching Portsmouth until the next day.

## Woman Wanders From Home, Located By Searching Party

After being missing since 7:30 Tuesday evening, Mrs. Faud Foster, wife of Oscar Foster, a well known Carey's Run farmer, was located Wednesday at the noon hour, having wandered to the home of Mrs. Rachel Ratcliff, who lives a mile and a half from the Foster home.

Owing to the fact that Mrs. Foster's reason has been affected for over a year relatives labored under the belief that she possibly might have met with a serious injury and a searching party was soon formed.

No trace of the missing woman was obtained until the home of Mrs. Ratcliff was reached. Mrs. Foster was cared for by Mr. and Mrs. Ratcliff and when approached by relatives today she readily agreed to return to her home.

She is the daughter of Mrs. Peter Tatman of McDermott and it was first thought that Mrs. Foster had started to walk to her old home, a distance of 10 miles.

Mrs. Foster's reason has been affected since the birth of her last child, relatives assert. She is the mother of seven children.

## TRACTION COMPANY WILL REPLACE ROADS DEC. 1

The county commissioners met officials of the Ohio Valley Traction Co., Tuesday, and held quite a lengthy session, ironing out the difficulties and differences in regard to the building of county pikes in place of those that had been taken for the traction line, says the Ironton Irononian.

It developed that a contract had been signed by the county and the traction company of officials, but that the date when the county roads were to be completed and delivered to the county was blank, and no bond was given.

The matter was settled without difficulty and December 1 was set for the delivery of roads as specified, and that no longer would travel be delayed or traffic impeded and hand given.

## Accuses Foreman

Will Oliver, a young Southern negro, applied at police headquarters Wednesday afternoon for a warrant for the arrest of Louis Brown, white, a foreman at Contractor James Fox's railroad camp at Clifford.

Oliver claimed Brown fired a pistol shot at him and struck him on the left arm with a rock causing a painful wound because he would not work Wednesday morning. Brown is in charge of an extra force that is engaged in laying new steel rails for the N. & W. railway.

## Mayor Issues Cordial Invitation For Everybody To Attend K. K.

The following official announcement was issued from the city executive office Tuesday afternoon:

I have the honor as well as the pleasure at the instance of the Korn Karnival Committee to welcome within this city the ensuing week from all sections those who may find it convenient to attend the third annual entertainment given by the progressive people of the community.

This invitation to visit the great festivity where you will find the people with arms extended ready to receive you among the splendor of a gaily decorated city where nothing but pleasure and sight-seeing will be the order emanates from our desire that you come among us and enjoy yourself for the week in full accord with the pulsation of the human breast which quickens as the occasion advances in readiness to do honor to ourselves as citizens which can only come from the consideration shown yourselves, the magnitude of which is only possible of comprehension when measured by that great gauge of appreciation which we are certain shall emanate from the minds and the lips of those to whom hospitality and service shall be rendered.

Come and mingle with the business men and citizens of Portsmouth as they would have you come, because without your presence our efforts would be as naught and our anticipation which is the ground work of our preparation meet with dismal failure. While we are ready to meet and greet you at any time we are especially solicitous to receive you as our guests during the approaching festival week.

All citizens have been requested to begin a systematic campaign of decorating buildings and porches with appropriate emblems and colors fitting for the occasion in full preparation to receive their guests and spend with them a week of great pleasure among their own, as well as other environments of the city.

It must be our desire then to impress our visitors with the pride and progressiveness of our people to the end that our guests may depart with the very highest commendation and that they may spread our fame and praise our hospitality among their home folks and ever be in readiness to come again.

Certainly great efforts have been made and I assure you that the city will stand out brighter and better than for any preceding event.

With the hope that you will come and that you shall not be disappointed in your greatest expectation.

The City Officials bid you welcome.

ADAM FRICK, Mayor.  
September 27th, 1915.

## Both Sides Organize In Lawrence County

The fight in this county for and against the sale of liquor in the state is being started. The "drys" have perfected their organization, and will turn the speakers loose Saturday evening and they will be busy until the close of the campaign.

Tuesday the "wets" were busy perfecting their organization and will leave no stone unturned to roll up a big vote in the county this fall, says the Ironton Irononian.

## EXTRA TIRES STOLEN

Ralph Ruggles, bookkeeper at P. H. Harsha's flour mill, reported to the police that a couple of extra tires and inner tubes were stolen from his automobile while it was standing in front of his home at 1727 Seventh street, Tuesday night. Officer Osborn is investigating.

## Bigelow Church May Get New Pipe Organ

It is learned that officers of Bigelow Methodist church are considering the purchase of a fine new and larger pipe organ to replace the present one which has been in use almost thirty years. It is hoped to raise a sufficient amount of money in time to get the new organ installed before next Christmas though no particular make nor any other definite details have as yet been decided upon.

# SAYS GERMAN LOSS WAS 120,000

## BEGIN FORMATION OF SYNDICATE THAT WILL FLOAT GIANT LOAN TO THE ALLIES

New York, Sept. 29.—Formation of the big syndicate of bankers who will float the half billion credit loan to Great Britain and France was begun today by J. P. Morgan and Company and other financiers who have been associated with them in the negotiations here with the Anglo-French Financial Commission. It is proposed to make the syndicate the largest one of its kind ever seen in this country and to include membership banks and trust companies from the Atlantic to the Pacific. In the South and West these groups will operate over somewhat large areas. In the Middle-West and New England, where the population is dense, the groups will, in some cases combine their activities practically to the city in which the members are located and its immediate suburbs.

On behalf of J. P. Morgan and Co., it was said today that interest in the project was great and enthusiastic in practically every section of the United States. How long it will be before the Anglo-French Financial Commission and the syndicate managers will sign the contract which will embody in binding legal form the provisions of the agreement, whose details were officially announced here and in Chicago last night, was today a matter of surprise, but it was thought that a fortnight would see the project much further advanced than now, barring the remote possibility of a hitch on the other side of the Atlantic. The agreement which will be embodied in the contract requires the ratification of both the British and French parliaments and the contract cannot be signed until this is forthcoming. It is extremely unlikely, however, that ratification will be refused or even delayed.

Official announcement of the details of the loan, revealed that few departures from the plans previously outlined in unofficial reports. Nothing is said about the exclusion of purchases of war munitions. The most surprising feature was the price at which the loan is to be sold to the underwriting syndicate. Previous reports had ranged from 97 1/2 to 99. The bonds will be placed on the market at 98 to the investor. The two percent difference in the prices to the syndicate and the investor will provide a profit to the syndicate and reimburse them for the expenses incidental to the loan's flotation.

Because the bonds will be sold four points under their par value, Great Britain and France will have placed to their credit here, not \$500,000,000, but \$480,000,000. In other words, the two nations are paying \$20,000,000 for the privilege of buying American products at the top of the market prices. The \$20,000,000 will buy this privilege, it is estimated, not for a long period, but for only a few months, possibly for a year, when the credit probably will be exhausted and if the war is still in progress another credit will have to be established, or some other method devised to meet the bills then coming due.

In addition to this \$20,000,000 the two countries will pay \$25,000,000 annually for five years—\$125,000,000 altogether. In interest to the holders of the bonds. Thus the unsettlement of the foreign exchange market during the past three months will have cost the two governments a total of \$145,000,000 when the final bill is paid.

The official announcement of the details fixing the size of the loan at \$500,000,000 stated that an issue was contemplated of joint Anglo-French five year, five percent bonds. At maturity these short term bonds will be convertible, at option, into ten to twenty year 4 1/2 percent joint Anglo-French bonds, constituting as does the original issue, a first lien on Great Britain and France. Both issues will be free from present or future British or French income tax requirements and will be payable, principal and interest in dollars in New York City.

Individuals wishing to buy large blocks of the bonds may join the syndicate. It was announced, but a limit, yet to be disclosed, will be placed on individual purchases. To accommodate small investors the bonds will be issued in denominations as low as \$100 and may be paid for in installments whose amounts are yet to be determined.

### ROLPH IS NEW MAYOR OF 'FRISCO

San Francisco, Sept. 29.—Apparently for the second time Jos. Rolph, Jr., has been elected mayor of San Francisco at the municipal primary which was held yesterday. Although the official returns will not be known until late in the day, carefully tabulated counts of "incomplete returns" from each of the city's 651 precincts early today gave him a majority of all the votes cast for mayor.

These tabulations gave Rolph 22,460 votes. Eugene E. Smith, deposited as mayor during the graft prosecutions of 1906-07 was second with a total of 12,897 and Supervisor Andrew J. Gallagher, the third with 6,681.

According to the laws of California, a candidate receiving a majority of all votes cast for the office he seeks at the primary, is elected.

### TO PROBE BLAST THAT KILLED 47

Ardmore, Okla., Sept. 29.—Federal and state investigations to fix the blame for the tank car explosion Monday, were in prospect today as the result of action by city authorities. After an all-day session of the commission Tuesday, Russell Brown, city attorney, announced that charges of negligence against the Gulf, Colorado and Santa Fe Railway would be presented before the Interstate Commerce Commission through the office of state corporation commissioner. City officials claim that the tank car of gasoline which exploded and killed

### BRYAN PAYS PRESIDENT A TRIBUTE

Nashville, Tenn., Sept. 29.—William J. Bryan in an address here last night paid the following tribute to President Woodrow Wilson: "Happy for our nation that we have in the White House at this time a president who believes in setting the old world a good example instead of following 'the bad example which the old world sets in this matter. What an unspeakable misfortune it would have been, if in such an hour as this, the nation had been under the leadership of a president inspired by the false philosophy which has plunged Europe into the abyss of war."

### WILSON REVIEWS G. A. R. REMNANT

Washington, Sept. 29.—Historic Pennsylvania Avenue, up which the victorious Union army marched fifty years ago for review by President Andrew Johnson was lined today with thousands who braved a sharp wind to see the remnant of that legion march from the capitol to the White House to be reviewed by President Wilson.

The Grand Parade and presidential review was the crowning event of the annual reunion of the Grand Army of the Republic. It was in commemoration of the Grand Review after the close of the Civil War.

A half century ago President Johnson, from a grand stand in front of the White House reviewed 160,000 conquerors of the army of the North. Today President Wilson, from the same spot, greeted the survivors.

Estimates placed the number of veterans in line at from 20,000 to 30,000.

Pennsylvania Avenue from the capitol to the White House was thronged with a crowd that rivalled inauguration times. All departments of the federal and district government, the department schools and practically all public businesses were closed for the occasion. The line of march was from peace monument at the west entrance of the capitol grounds, up Pennsylvania Avenue and through a court of honor erected in front of the White House. At the head of the procession was Lieut. Gen. Nelson A. Miles, was distinguished army and navy officers, his aides. Col. George Holsey, chief of staff to the commander-in-chief of the G. A. R., was the active marshal of the parade. The U. S. Grant Post of Brooklyn, N. Y., acted as special guard to Commander-in-chief Palmer.

In addition to the veterans in line there were sons of veterans, various citizens, military organizations, troops of the regular army, marine corps, and sailors from the fleet of warships anchored in the Potomac. The veterans marched in their respective Grand Army departments, the line being

### GENERAL WOUNDED

Paris, Sept. 29.—General Cremer was seriously wounded at the Satory camp while watching experiments with explosives. He and staff officers were hurled some distance when a mine was exploded accidentally. One of General Cremer's thighs was broken and he was badly burned while his companions suffered less serious injuries.

### FRENCH WAR OFFICE GIVES OUT FIGURES

Paris, Sept. 29 (2:25 p. m.)—German casualties in the recent offensive of the French and British, including killed, wounded and prisoners, were given officially by the French war office as in excess of the strength of the three army corps, (more than 120,000 men). There is no interruption of fighting in Champagne.

### RUSSIA PLANS FOR WINTER CAMPAIGN

New York, Sept. 29.—Owing to the expectation that the Russian port of Archangel will be blocked with ice within a few weeks, it becomes practicable to send goods to the White Sea port. Not here for the departure for that port of a large number of steamers heavily loaded with supplies, much of which is intended for the Russian army. Twelve steamers will leave here within three weeks in order to reach Archangel before the ice embargo begins.

Representatives of the Russian government here say that many of the vessels now engaged in the New York-Archangel service will be diverted to the Panama Canal route to Vladivostok as soon as it becomes practicable to send goods to the White Sea port. Notwithstanding reports that Russia is in great need of shells for her big guns, manifests of cargoes leaving here for Russia do not show unusually heavy shipments of such materials. The supplies going forward in greatest volume are automobiles and motor trucks, fire arms, boots and shoes, machinery and many kinds of iron and steel manufactures.

### TRANSPORT SURVIVORS RELEASED BY GREECE

Athens, Sept. 29.—(Via London, Sept. 29).—The Greek government has released the Sikhs and Gurmukhs who were survivors of the British transport Ramazan, which was sunk by a submarine. They were sent immediately to Malta on the Messageries Maritimes steamer Siboni.

There has been no previous announcement of the sinking of the Ramazan, a steamer of 3,477 tons, although a wireless dispatch from Berlin on Sept. 21 stated that the Frankfurter Zeitung reported that a large British transport from Egypt for the Dardanelles had been sunk by a German submarine. This vessel could hardly have been the Ramazan, however, for the Frankfurt paper said the vessel in question was a 15,000 ton which had been sunk in the Mediterranean off the island of Crete. The Ramazan evidently was carrying Indian troops either to the Gallipoli peninsula or to France. The course taken might have been through the Arabian Sea, the Gulf of Aden, the Red Sea and the Suez Canal into the Mediterranean. The fact that the survivors landed at Athens makes it seem likely the troops were on their way to the Dardanelles.

In addition to the report from Berlin on September 21, there have been several other unconfirmed announcements from German sources of the sinking of British transports.

### CONVICT IS KILLED BY MEMBER OF POSSE

Albany, Oregon, Sept. 29.—Otto Hooker, an escaped convict, who shot and killed Harry Minto, warden of the Oregon penitentiary at Salem, and probably fatally wounded J. J. Benson, city marshal of Jefferson, died today from wounds suffered in a revolver battle with a posse last night.

Hooker was discovered in an unoccupied house here shortly before midnight. A posse surrounded the house and demanded that he surrender. Hooker replied with a volley from a revolver. As his fire was drawn in another direction, a member of the posse crept to a window and fired a bullet through the convict's left lung.

The convict escaped from a road gang Monday. Warden Minto with a posse, encountered Hooker a few miles from Salem Monday night. A revolver battle ensued in which Minto was killed.

### IMPEACHMENT TRIAL BEGUN BY COUNCIL

Terre Haute, Ind., Sept. 29.—The impeachment trial of James M. Gosson, was begun before the city council last night. Six witnesses were examined after which adjournment was taken until tomorrow evening. Nothing of importance was brought out at last night's session. Most of the evidence concerned the collection of money to aid in the defense of former Mayor Donn M. Roberts, who was convicted of election frauds and is now serving time in Leavenworth prison.

### Bulgarian Minister Of Finance Resigns

Paris, Sept. 29 (6 a. m.)—A complete disagreement of these cabinet members with Premier Radoslawoff on the policy to be followed in view of the determined attitude of Greece.

"King Ferdinand granted an audience to former Premier Malinoff, leader of the party favorable to Russia and asked him, it is understood, to form a new cabinet."

### Aeroplanes Raid Serbian Village

Nish, Sept. 28.—(via London, Sept. 29, 7:19 a. m.)—The following official statement has been issued at the Serbian war office: "On the 24th hostile aeroplanes flew over Podjervatz, dropping twenty-two bombs and killing

### Turco-Bulgarian Treaty Is Ratified

Paris, Sept. 29.—The Turco-Bulgarian treaty was ratified Sept. 27, the representatives of Turkey attaching their signatures only upon receiving proof that a decree for the mobilization of the Bulgarian army really had been issued, the Matin asserts.

As a further precaution, Turkey stipulated that the Deadhaugatch railway should not be turned over to Bulgaria until Oct. 6, leaving fourteen days for Bulgarian mobilization. The territory will not be

# FLASHES FROM THE REAL CENTERS OF SPORT

## Moran Wins With 23 Men

Philadelphia, Sept. 29. AT Moran is dealing the theory that a whole army of athletes is necessary to win a pennant. The Quaker chief has used only twenty-three players this year and he has had his team out in front almost all season long.

One of the twenty-three—Joe Oeschger—was named to Providence. No major league leader has done less experimenting this season than Charlie Dooin's successor.

He got a good line on his men at the training camp and retained only one "rookie." Additions to the club since the season started have been the two pitching Georges—Chalmers and McQuil-lan.

In 1916, the Cubs won the National League banner with 23 players; in 1907 they had 23, and in 1903 they had 26. The Pirates of 1909 numbered 29. The Cubs came to the top in 1910 with 27 pastimers.

The number of men John McGraw used when he was winning the flags of 1911, 1912 and 1913 was, respectively, 28, 28 and 32. George Stallings employed 31 athletes while he was winning in 1914.

Moran hasn't shifted his material around much either. Paskert has played four positions, Whitted three, Stock, Weiser, Becker and Adams, two and the

rest of the men only one.

Shortstop Jimmy Hancock has been on the shortstop job in every game the Quakers have played this year but not in every inning of every game.

Banish spoke rudely to Ernest Quigley in the second game of the double-header with the Pirates on July 12 and was banished.

This is the full roster of 1916 and the way Moran has used his men:

**PLAYED FOUR POSITIONS**  
Paskert—First base, left field, center field and right field.

**PLAYED THREE POSITIONS**  
Whitted—First base, left field and center field.

**PLAYED TWO POSITIONS**  
Stock—Third base and shortstop.  
Weiser—Left field and center field.  
Becker—Left field and right field.  
Adams—Catcher and first.

All the other players have performed in their regular positions without a single switch.

## TODAY IS BIG DAY AT COLUMBUS TRACK

Columbus, Sept. 29.—Today is counted on by horsemen here to be one of the big days of the Columbus Grand Circuit season. In addition to four races, one of which is worth \$10,000, it is planned to hold several speed trials at the track this afternoon which has aroused great interest.

The racing card for the day includes a 2:13 trot for a purse of \$1200; the Horseman and Spirit of the Times three year old trotting futurity, worth \$10,000; the Arch City 2:10 pace, stake \$4,000 and a 2:13 pace for a purse of \$1200. Directum I, Peter Volo, Margaret Drouen, and Etawah are all expected to make speed trials during the afternoon.

## Pulls Queer Play

Peuliar plays in baseball! Well, how about this one in which a first baseman executed a double play at second base?

The Giants and Reds were slugging a double under discussion, doubled, brain-follower and sent a batter to the Red pitcher. The pitcher turned to throw to third and then saw that Lobert had rounded first and was well on his way back to second. So the pitcher heaved the ball at Melvitz, the Reds' first baseman.

Brainard had rounded first and was half way to second by that time. Melvitz was going to throw to second in an attempt to catch Brainard, when he saw Lobert also doubling for the same bag. Melvitz, sensing a mix-up, held the ball, running with it toward second.

Lobert slid back into the second sack just at the moment Brainard slid into it. There was a collision—and both men rolled away from the bag, Lobert being whirled onto the grass back of second.

By this time Melvitz had arrived on the scene, walked over to where Lobert and Brainard were sprawled and tagged out both.

## Local Boy Starred

Crowder Parkinson one of Portsmouth high school's star gridiron warriors of last season broke into the game with Carver Technical school Saturday. Parkinson played left end and put up a very creditable game. With the Red and Blue eleven Parkinson played in the back field. His footwork will come in handy playing at end. Parkinson is a son of W. E. Parkinson of Center street. He is taking an engineering course.

## PHILLIES HAVE GREAT PITCHERS

Alexander has been the mightiest defense factor in the recent pennant fight of the Phillies—but one mustn't overlook the fact that there are several other Phillie pitchers who have aided in the uplift movement.

Demonroe has won twelve of those Phillie combats, Meyer has won 18, McQuil-lan, the cast-off, has won seven; Reay has added ten more and Chalmers has won six.

As the pitchers in the National League go into the stretch, it begins to look as if Alexander will finish the season where he ought to finish—at the top.

## BATTLE FOR WESTERN FOOTBALL SUPREMACY WILL SOON BE ON; MINNESOTA AND ILLINOIS APPEAR TO HAVE EDGE ON RIVALS

Western conference coaches. Left to right, top: Childs of Indiana; Williams of Minnesota; Murphy of North-western; Stagg of Chicago. Bottom: Wilce of Ohio; Juncos of Wisconsin (just below Williams); Smith of Purdue; Hawley of Iowa; Zupke of Illinois.

The battle for the western conference football championship will soon be on in earnest. All of the Big Nine teams will play next Saturday. The coaches have a wealth of material from which to select teams, and the cleverest critic is not yet certain which college will carry off the season's honors. Minnesota and Illinois, however, appear to have the edge on the other teams.

## SPORT SALAD

The A. B. C. of the Phillies' success isn't ability, balling and cleverness as much as it is Alexander, Eberhart and Cravath.

Wonder what's become of those guys who were helping about Charley Comiskey buying a pennant?

We note Carlisle hit her stride the first game of the season, which makes us wonder if the Indians didn't have a little something to do with the success of the team instead of Pop Warner being all of it.

## PIRATES WIN

## CORNELL WINS

## MIXING IN MINERS' JOYS AND SORROWS, JOHN D., JR., TURNS THEIR HATE TO LOVE

**John D. Rockefeller, Jr.**

During his visit to the Colorado mining district last week, John D. Rockefeller, Jr. turned the hate of the miners to love. In order to secure this happy result he danced the fox trot with the wives of the miners, washed the cheeks of their children in the public schools, went down into a coal mine and wielded the pick, discarded his coat and ate at the miners' tables, and donated a few bandstands in the mining camps.

## Major League Races Virtually Decided

New York, Sept. 29. ITI less than two weeks of the season remaining, the pennant races in the major leagues have assumed such a shape that baseball enthusiasts who wish to witness all the games of the coming world's series are consulting time tables that show the train schedules between Philadelphia and Boston. Alexander, of the Philadelphia Nationals, and Shore of the Boston Americans, already have been tentatively assigned by the prophetic writers of the sporting columns to pitch the opening game for their respective teams.

The Detroit cannot win the American League pennant unless they win all their remaining games while the Red Sox are dropping seven out of the ten they have to play. The mere citation of these figures show how slim is the probability of any upset. The Phillies have only to capture three of the nine games left on their schedule in order to place themselves in the league's premier position at the season's end.

## CAPT. DAVIS TO PILOT IRONTONIANS

The Ironton high school football team is being put through stiff practice every day by Coach Hixon. Captain "Shorty" Davis will be in charge of the Gold and Black pigskin warriors this season. The I. H. S. played a game with the Lumbards of that city several days ago and won by a score of 12 to 0.

The team will again be light but what it lacks in weight will be made up in speed. Ironton high's probable lineup: Center, Proglar; guards, Lane, Burdette and Fugitt; tackles, Schaeffler and Brooks; ends, Ward, Miltendorf and Haid; quarterback, Hany; left half, Davis; right half, Doll and Hayes; full-back, Fritz.

## Kid Wells Knocked Out

Chester Peris of this city met Kid Wells at Chillicothe for six rounds yesterday and Peris knocked Wells out in the third round.

Charley Wells put the K. O. wallop on Kid Peris in 30 seconds of what was to have been a 10 round bout. After knocking out Percy Wells fought five fast rounds to a draw with "Brick" Bonks (colored) who weighed 180 pounds and would have scored another K. O. had it not been for injuring his wrist in the first round. The fighting took place at the Elks' club hall at Chillicothe.

## Ty Pulls Boner

Out of the chill and gloom of the closing season comes its richest bit. **COLONEL ROOSEVELT'S IDEA.**

Opinions may differ as to Colonel Roosevelt's aims and ideas and his erratic flip-flops in political matters, but there is one thing about him that commands respect, and which always assures him of a hearing, no matter how much one may disagree with him. And that is, Roosevelt has the courage of his convictions. He does not stop to count the cost but says what he thinks, let the consequences be what they may, and no matter who may get hurt. Of all our public men, he is one of the most apt to fully tell what is in his own mind and to submit his views to his fellow countrymen without reservation. This characteristic is holding good with him in his discussion of the problems growing out of the European war. He is extreme in some of his views, too warlike in tone, too anxious to fight at the drop of the hat, but he is always interesting. Thus in the October Metropolitan Colonel Roosevelt has an article on "International Duty and Hyphenated Americanism", in which he contends that America should inject herself into world affairs in defense of right wherever assailed. He would have this country ready for any and all emergencies, thoroughly prepared in a military sense to back up any stand that we should take. He above all, stands out for American citizens being Americans, not hyphenated Americans of any kind, and he is bitter in his denunciation of all kinds and nationalities of hyphenated Americanism, declaring that "the hyphenated American has been shown in actual practice to be loyal only to that part of his title which precedes the hyphen. He is thoroughly disloyal to the 'American' part of his hyphenated-cognomen, and he must be thus disloyal because of the necessities of the case."

Colonel Roosevelt closes his article in this language:

"The United States owes a duty to other nations. We should so act as to show that we are one in a community of nations, with common rights and common duties, and that we are fit by our own trained strength to do our duty to others as well as to ourselves. This duty the United States can never perform until and unless she acts purely as a nation, not as a kind of jangling nationalities. If America means nothing but a squabbling congeries of German-Americans, Irish-Americans, English-Americans, French-Americans, Jewish-Americans, Italian-Americans, Scandinavian-Americans, then it is not worth while to have it a nation at all. Every man in our country who seeks to divide himself from his fellow-Americans along lines of creed or national origin is a bad American. Every man in this country who seeks to shape the policy of the nation, not in accordance with the interests of the United States and of humanity at large, but in accordance with the interests of the nation from which he or his ancestors sprang, is a thoroughly unworthy and unpatriotic citizen and should leave the country, to whose welfare his mere presence is a menace."

**THE GUN HABIT.**

Another man wishes he hadn't carried a pistol. He knows now better than he ever knew before the worse than uselessness of a gun in the home as a means of protection. For, the "burglar" which he thought he heard in the house, and which he so courageously fired at, proved to be his little girl, and he shot her through the heart.

In the first place, a fellow doesn't stand much chance with a burglar, even if he has a pistol. Burglars do not stand around waiting for the man of the house to get a good shot at them. They have every advantage, in fact, and a man is only foolish when he hears what he believes to be a burglar to try to kill him. The odds are against him, and in favor of the burglar.

By all odds the most dangerous criminal in the world is the fellow who enters a residence for the purpose of plunder. He is prepared to commit murder if it is necessary for him to do so to escape. He had much rather kill every member of the household than to be captured or be killed himself. So he goes about the preparation carefully, properly armed, and is alive to every move that is made in the household.

In at least one state in the Union, burglarizing an inhabitant dwelling calls for the death penalty. In nearly all states it is life imprisonment. If capital punishment is to be inflicted at all, it ought to be inflicted upon burglars. Certainly it ought to be so arranged that a man burglarizing a house could never again hope to have liberty. He is the one man for whom leniency should not be shown at any time, under any circumstances.—Dayton News.

**WOMEN TO LEAD?**

"The women must be made to realize," says a writer in the Metropolitan Magazine, "that, with the best men killed, there will be the responsibility for going ahead with life along lines of progress and that they will have the preponderance of health and brains to do it, and that they must take the initiative." The comment has special reference to conditions in Europe, but conditions cannot exist in Europe without exerting an influence here.

Is the comment true? With the myriads of men destroyed or disabled in all of the countries at war, there is at least a foundation for the judgment. A numerical preponderance of women after the war is certain, and it might be that in the members of that sex would be found a greater proportion of mental and physical vitality. Will it appear, then, that the war has been the great opening of the door to women—the door, not only to equal suffrage, but also to an equal chance in all departments of industrial, commercial and professional service? The writer goes even further than an affirmative answer to that question. He, or she, believes that the leadership is to be transferred to women. But most of us will be disposed to wait and see.—Columbus Dispatch.

And by the time Mr. Henry Ford has his first output of submarines ready we suppose the mermaids will begin to giggle and tell Ford stories as they comb their hair.—Akron Beacon Journal.

**LOOK WHO'S COMING TO THE KORN KARNIVAL!**

**NEW-YORK-BAY-BY-DAY**

O-O-MEINTYRE.

New York, Sept. 29.—Broadway is beginning to take on its winter face. In the summer the street is mostly made up of folk who come in to look it over and say: "So this is Broadway. My! what a pretty place." But in the winter the street is very much different. It represents the typical playlot life of the metropolis.

There are the "chickens" in their ditty duds strutting up and down, leading actors, some of them all bearded-up, vaudevillians, limousined actresses, low-necked backs with lolting occupants and the pell-mell of traffic. Theatres are popping open nightly. The Broadway types have returned from their summer hide-outs. The wine is being spilled and the tables kicked over in the cafes. The actors and actresses are dancing nightly at the Sixty Club. Some tripping the light fantastic and others tripping all the light fantastic that come near them. But this is the Bright Light—and they must have their tangsters in this town.

Such a lot of young men are missing in New York. There's that young Mr. Kinkadee, the trusted cashier who was trusted once too often and has not been heard from. Neither did he mail the money back. Frank O'Brien concludes that he has been gone so long that only one solution remains. He must be trying to find the slut marked "City Letters" in the down town post office.

Newspaper jesters lead a hard life. Bide Dudley, who writes a column for the Evening World, was walking up Broadway and met an actress. "How's your column?" she asked. Dudley must be jolly so he queried: "Newspaper or spinal?" "I've got a real joke for you. He swallowed a girl." "How is that?" "Well, he drank a little milk all night."—Milwaukee Journal.

Thomas W. Lamont, now a powerful figure in the world of finance, used to butcher the brain throbs of young reporters while on the copy desk of the New York Tribune in the early 90's. He drew a salary of \$40 a week and was laying up a snug fortune when he was sent out one day to interview E. C. Converse, a hankier. Lamont had a snappy way about getting in to see Converse who had denied him admission. He got in without being offensive and Converse, who was consolidating some manufacturing companies took a liking to the copy reader who had been sent out on a special assignment. He gave him a job and Lamont began to grasp the next rung up. He kept grasping too until he landed a partnership in J. Pierpont Morgan's banking house. He still has a warm spot in his heart for newspaper work. It seems, however, that bankers get a little more money.

Mike Selwyn has found a down town undertaker named Gude Bye.

Said yesterday to tomorrow: "When I was young, like you, I, too, was found of boasting Of all I meant to do. But while I fell a dreaming Along the pleasant way, Before I scarcely knew it, I found I was today!"

"And as today, so quickly, My little course was run, I had not time to finish One-half the things begun. Would I could try it over, But I can ne'er go back; A yesterday forever, And now must be atack!"

"And so, my good tomorrow, If you would make a name That history shall cherish Upon its roll of fame. Be all prepared and ready Your noblest part to play In those few fleeting hours When you shall be 'today!'" —Pacific.

How to Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffling, hawking, mucous discharge, dryness or headache; no struggling for breath at night. Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

# EXPECT 1,000 VISITORS IN FRATERNAL PARADE

## SIX DIVISIONS TO BE FORMED

All details of the big Fraternal Parade on next Thursday evening were perfected at a meeting of the Fraternal Parade committee Tuesday evening at the offices of the Business Men's Association.

It is estimated that over 4,000 men and women will be in line, about 1,000 of whom will be from neighboring cities and towns. Almost every fraternal order in the city is expecting a delegation of its membership from nearby places on the half dozen or more special trains that will enter the city that evening.

The Elks are looking for large delegations from Chillicothe, Ironton, Ashland and Huntington and the sixth division of the parade will be composed almost entirely of Elks.

The parade will be divided into six divisions, each of which will be under the supervision of a marshal and two aides. Three aides, all mounted, will assist Capt. Jas. W. Smith, the grand marshal, in getting the parade started.

The first division will form on the west side of Chillicothe on Ninth street, with the second division on the east side of the same street intersecting. Division 3 and 4 will form on the west and east side, respectively, of the intersection of Eighth and Chillicothe streets. Divisions 5 and 6 will form on the west and east side, respectively, of the intersection of Seventh and Chillicothe streets.

As Divisions 1 and 2 proceed south on Chillicothe street, the other four divisions will fall in in their order, and the parade will be in full swing after Seventh and Chillicothe streets are reached.

**Form Line of March**  
The line of march is south on Chillicothe street to Second, west on Second to Market, north on Market around the esplanade and counter march east on Second to Chillicothe, north on Chillicothe street past the reviewing stand, and east on Gallia street to Bond, where the procession will disband.

The Fraternal Parade this year promises to be a glittering spectacle, owing to the fact that many of the local lodges have ordered special marching costumes for the occasion. Open house for visiting members will be held by many of the

local orders after the parade, and the evening promises to be one of the most enjoyable in the history of the city.

## ATTEMPT TO ASSAULT GIRL IS FRUSTRATED, ASSAILANT ESCAPES

Miss Roosevelt McKinley, aged 14 years, daughter by a former marriage of Mrs. James Bennett, of No. 215 Front street, was the victim of an attempted assault near her home Tuesday evening, about 8 o'clock.

The girl who is an eighth grade pupil of the Bond street school, had been sent out by her mother to get a one-dollar bill changed. She was humming merrily as she strolled leisurely up Front street. Just as she approached the alley adjacent to the Ben Kelly grocery, she claims, she saw a well-dressed young man, wearing a soft black hat, standing against the wall. When she passed he grabbed her by the arm and attempted to drag her up the alley, but she jerked away from him and began screaming at the top of her voice. The fellow ran, down the alley towards Second street, and it was reported escaped in an automobile that was in waiting.

William Stenshorn and other residents of the neighborhood who were attracted by the girl's screams as she ran past the store that she had expected to enter, began a vigorous hunt for her would-be assailant and were later joined by police officers who were called to the scene, but they were unable to find further trace of him.

Miss McKinley believed the man was the same who followed her and two girl friends, Misses Gladys Hyatt and Irma Haegard, down Front street early Sunday evening. They were afraid to enter her own home for fear he would enter through a rear door, and according to her took refuge in the home of her grandmother, Mrs. Richard Eastwood, next door. The fellow seeing he had frightened the girls, then hurried out Madison street.

### OBITUARY

Frank C. Rutter

Frank C. Rutter, aged 22 years, who for the past year has been employed as a roll-turner at the Whitaker-Glessner company's steel plant, died rather suddenly Tuesday afternoon, at 4:44, of organic heart disease.

The sad and untimely death took place at the home of the young man's sister, Mrs. Robert C. Smith, of No. 1638 Grant street. He had been removed to her home when his condition became serious a week ago. Previously he roomed with a brother, Howard Rutter, an employee of the Whitaker-Glessner company's shipping department, at the Mrs. John McMahon home on Offshore street. He had been suffering with heart trouble for some time past. The stricken young man's widowed mother, Mrs. Frank Rutter, and a married sister from Wheeling, W. Va., arrived a few days ago in answer to a summons, and remained at his bedside up to the time of his death. He remained conscious to the very last.

Mr. Rutter was a sterling young man of exemplary habits and of good Christian character, and his sudden taking off, when he was just in the prime of life, has filled his many friends with genuine sorrow. The body was taken away on the 7:10 train Wednesday morning for burial at Elm Grove, W. Va.

Mrs. Mary Hager

Mrs. Mary Hager, 58, died at 12:30 o'clock Tuesday night at her home on Front street, near Waller, a victim of tuberculosis, with which she had been afflicted for the past eight years. Mrs. Hager came to this city about two months ago from Huntington, where she had resided for several years. She was born in Lincoln county, W. Va., and is survived by five daughters and three sons. The body will be taken to Huntington Thursday for interment.

Misleading Degree.

"Yess," said Uncle Silas, "my son Bill has got back from a special course he's been taking at college, with a piece of paper signed by the authorities saying as how he's an A. M. I dunno what an A. M. is, but I'm afraid there's some mistake about it, for I didn't from the time he gets down to breakfast he behaves more like a P. M. than me."

### BIRTHS

A fine little daughter arrived Tuesday afternoon in the home of Mr. and Mrs. J. Wesley Kinney of St. Thomas. It is their first-born and the child has already been named Louise Varner Kinney. Mrs. Kinney was formerly Miss Louise Pauline Varner and is a daughter of Mr. and Mrs. J. R. Varner of this city.

## GIRL DROWNS IN 12 INCHES OF WATER

When Lucy Ogle, twenty-year-old daughter of Mr. and Mrs. Lave Ogle, prominent residents of near Manchester, did not return home from an errand as soon as she was expected Tuesday afternoon, her mother started in search of her. A few moments later she was horrified to find the body of her daughter floating in twelve inches of water in Brush Creek near their home.

The drowning took place near

a foot bridge leading from one part of the Ogle farm to another, made of a single plank supported by large stones. The cause of her death is not definitely known, but two theories of the drowning are advanced. Either the girl slipped and fell off the plank, the fall rendering her unconscious, or she was seized with a fainting spell while walking across it, drowning before she recovered consciousness.

Miss Ogle left the house about four o'clock Tuesday afternoon to

go the orchard after apples. To reach the orchard, she had to cross the foot bridge. After she had been gone over a half hour, her mother became alarmed and went in search of her.

Mr. Ogle is a prominent farmer of Adams county, his farm being located about nine miles east of Manchester. His daughter was a great favorite in that community, which is plunged in sorrow over her untimely death.

## THREE WERE INJURED WHEN AUTO TURNS OVER

The automobile that skidded and turned over on Chillicothe pike near Clifford, Tuesday afternoon, was the Maxwell touring car belonging to Will S. Thomas, of Moulton Place.

Mr. Thomas, Fred Hogan and Dick McCain were in the machine when it turned over. McCain was the worst injured. He received injuries to his back that will keep him laid up for several days. Hogan received several bruises, while Thomas escaped with a good shaking up.

The injured men are well known steelworkers.

### The Movies

Blanche Sweet Turns Student of Psychology

To prepare herself for a thorough understanding of the new characterization in which she will appear in "The Secret Orchard," photoplay from the play by Channing Pollock, founded on the novel by Agnes and Egerton Castle, Blanche Sweet, the beautiful and popular star of the Jesse L. Lasky Feature Play company, has been taking a special course at the Hollywood, Cal., studio of the Lasky company in the study of psychology.

For many weeks during the preparation of this elaborate production by the Lasky company, Miss Sweet following a busy day in the Hollywood studio would motor into Los Angeles and pass the evening in the study room at the Los Angeles Public Library, where she read far into the night the textbooks and treatises on psychology.

## MEN'S CLASS WILL MEET TONIGHT

Every member of the Loyal Men's class of the First Christian Bible school is requested to meet at the church this (Wednesday evening) promptly at 6:30 o'clock. The meeting will not last to exceed forty-five minutes, but every minute will be clock full of business and work for the boosting of the attendance. If you are interested in the success of the class, be there, and some on time. Remember, the time is 6:30 and the place of meeting at the church.

## Howery Was Elected Pres.

The incorporators of the newly formed Portsmouth Detective Co., which has a capital stock of \$5,000, organized at a meeting held Tuesday evening.

J. L. Howery was elected chief; Charles Elzel, secretary and treasurer; Roy Moore, assistant chief; J. L. Abbott, captain; Claude L. Hatfield, lieutenant. The company will begin business at once and will locate offices most likely in the second floor of the Schwartz building at the southwest corner of Fourth and Chillicothe streets.

**The Complexion.**  
The food we eat has much to do with the condition of the complexion. Green salads are an important aid to the digestion and will accomplish much toward bleaching and whitening a sallow complexion. They possess certain chemical qualities and supply the body with needed salts. Tomatoes, endive, lettuce and young onions are splendid for the skin. Spinach contains salts of potassium, iron and other properties that act upon the liver. Tea and coffee must be taken in moderation.

**In a Class by Itself.**  
One of the largest and most valuable timber trees of the country is the tulip tree, known to lumbermen as yellow poplar. It is related to the magnolias, but is the only tree of its kind in the world.

## GEE THIS IS TOUGH. EMMA'S DUDS MISSING

A mixup on clothes occurred at police headquarters Tuesday afternoon that Police Clerk Dennis Corbett is now seeking to unravel.

Both Katie Queen and Emma Braden, prisoners from here at the Cincinnati workhouse, left their surplus clothes in custody of the police. Now that both have been promised their release, they sent for

their suit cases and baskets. Some friend of the Queen woman, armed with a note authorizing him to act for her, got what he supposed was her outfit and took it to the Uihls home and later, when the Braden woman's friend called for her clothes, found others in their place. Dennis insists it is up to someone to restore Emma's duds or the denials will be to pay.

## BOARD WILL MEET

The official board of the First Christian church will hold an important meeting tonight immediately at the close of the prayer meeting exer-

cises. Chairman Jesse Nick is desirous that every member of the board be present, as considerable business will come up for discussion.

## Mother's Club To Booth On Gallia St.

The Mothers' and Teachers' Club of the Lower Fourth street school building will operate a refreshment booth on Gallia street, in front of Reilly's book-store, during the Korn Carnival. Box lunches, sandwiches, ice cream and cake will be sold.

Dainty souvenirs will be given away, and literature boosting the candidacy of Mrs. Ethel Cotton Schwartz as member of the board of education will be distributed.

## Armenians Go Abroad To Make Munitions

New York, Sept. 29.—At least 150 American machinists engaged in all parts of the country are leaving New York each week to work in the munition plants of the European belligerents, according to information obtained at the offices of the International Association of Machinists here. The competition of Great Britain and Russia in employing American machinists is said to have driven the wages of such mechanics to the highest point yet known. It was learned at the Brit-

ish consulate that the call for these workers did not come from the government direct, but from an agent who has agreed to provide skilled mechanics for the private munition plants of Great Britain. English works, it was stated today, are paying from \$25 to \$35 a week to mechanics who can make special machines and are paying largely for overtime. American manufacturers of war munitions for the Allies are said to be paying as high as \$7 or \$8 a day to expert tool-knives. It was learned at the Brit-

## COMMISSION MUST DECIDE HEAT CASE

Columbus, Sept. 29.—The Public Utilities Commission was expected today to give its decision in the petition of the city of Cleveland to compel the Cleveland Electric Illuminating Company to extend its steam-heating system to the new \$3,000,000 Cleveland City Hall. The illuminating company protested against the extension on the ground that it could not furnish steam heating at the rate of 35 cent per 1,000 pounds as required by a Cleveland council ordinance. The city's attitude is that the extension should be made immediately, and that rates may be determined later.

The council ordinance requiring the company to extend its main was passed July 12, 1914, and the company appealed to the Public Utilities Commission three months later against the ordinance's provisions. The city then asked an order compelling immediate installation of the heating system, saying the new city hall would be harmed badly by the company's continued refusal.

## BILLS MEET TONIGHT

The meeting of Bills, in the Masonic Temple, will start sharply at 7:30 tonight. It will be one of importance, as final arrangements for the famous Bill Parade will be made. Marshals and their aides for the parade will be named.

## PAINTERS TO TURN OUT

Portsmouth Local No. 355 Painters and Paperhangers at a meeting Tuesday night unanimously decided to participate in the Korn Carnival Boosters' parade. The union hopes to have a full turn-out of members.

## YEARLY MEET TONIGHT

The First Baptist church members will hold their yearly meeting Wednesday evening at 7:15 o'clock. All members are urged to be present. All secretaries are requested to have reports ready to hand to the clerk.

## ALEX. M. GLOCKNER TO SELL CHEVROLET CAR

Alex M. Glockner, hardware dealer of Gay and Gallia streets, has just branched out into the automobile business, securing the local agency for the Chevrolet car of Flint, Mich.

Mr. Glockner expects his first shipment of automobiles just before the opening of the Korn Carnival. The Chevrolet four passenger touring car selling at \$190 and the five passenger car at \$250.
